RE: Alexandria to Grand Forks pipeline replacement- Case No. PU-22-309

Magellan Pipeline Company L.P.'s (Magellan) Alexandria to Grand Forks liquid products pipeline replacement (Project) consists of replacing a 2,203 feet segment of its existing Alexandria to Grand Forks #1-6" liquid products pipeline and installing two valves at a slight offset and a deeper depth to accommodate the Fargo-Moorhead Metropolitan Area Flood Risk Management Project.

On July 5<sup>th</sup>, 2022, Magellan filed a Certification and documentation under NDCC Section 49-22.1-01(3)(a)(4) notifying the Commission of the Project.

Please provide a filing to the Commission that informs the following details related to the Project.

- 1.1 Please provide the written reports of the field surveys for exclusion and avoidance areas within the 700ft wide corridor in the areas of planned construction activities.
- 1.2 The field survey reports should include field surveys for cultural resources and include a copy of the letter from the State Historic Preservation Officer determining that no significant archaeological or architectural sites are affected as well as an environmental study for the location.

Best Regards,

Robert Frank  
Public Utility Analyst
