Northern States Power Company  
2021 Power Purchase Agreement Costs  
Compliance

Case No. PU-22-311

NOTICE OF OPPORTUNITY FOR HEARING

July 27, 2022

On July 8, 2022, Northern States Power Company (NSP) filed a compliance filing in accordance with Section I.B.1 of the Comprehensive Settlement Agreement in Case No. PU-12-813 et. Al. Section I.B.1 requires NSP to annual provide a list of new Power Purchase Agreements (PPAs) less than 50 MW in size that have been included in NSP's Fuel Cost Recovery Rider (FCR) during the previous year. This filing states that the North Dakota jurisdictional share of the costs associated with three existing 1.8 MW wind facilities were extended, and therefore continue to be included in the FCR in 2021.

The issues to consider in this proceeding are:

1. Are the PPAs least cost resources?
2. Is there other relevant information the Commission should consider?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearing must be received by September 9, 2022.** If deemed appropriate, the Commission can determine the matter without a hearing.
