Re: ERRATA
NEW RESOURCES INCLUDED IN THE 2021 FUEL COST RIDER
CASE NOS. PU-12-813, PU-22-311

Dear Mr. Kahl:

Northern States Power Company, doing business as Xcel Energy (Company), submits this revision to its annual notification on any new Power Purchase Agreements (PPAs) less than 50 MW in size that have been included in the Company's Fuel Cost Rider (FCR) calculation filed July 8, 2022 in the above-noted cases.

We provide a revised Attachment A correcting the respective PPA terms in Column vii, and for clarification we add a footnote offering detail regarding the renewed agreements.

Portions of Attachment A have been designated as Trade Secret as they contain information the Company considers proprietary financial information as it derives independent value from not being generally known, is not ascertainable by other persons, can be used by others for a variety of purposes, and is maintained as confidential by the Company. Thus, Xcel Energy maintains this information as a trade secret. This designation is made pursuant to the Commission's August 26, 2013 Order Granting Trade Secret Protection in Case No. PU-12-813. Please contact me at christopher.j.shaw@xcelenergy.com if you have questions regarding this submission.

Sincerely,

/s/

CHRISTOPHER J. SHAW
