

**Petition Under NDCC § 49-22.1-10.1 for a Public Hearing in Dickey County for
the Midwest Carbon Express CO2 Pipeline Project, Case No. PU-22-391,
Proposed by SCS Carbon Transport LLC**

To the North Dakota Public Service Commission:

We, the undersigned affected landowners in Dickey County, under NDCC § 49-22.1-10.1 hereby petition the North Dakota Public Service Commission (PSC) to hold a public hearing in Case No. PU-22-391 in Dickey County. The relevant language in NDCC § 49-22.1-10.1 states: "A hearing for any county may not be consolidated if five or more affected landowners in that county file a petition with the commission within ten days of the publication of the notice of hearing."

It is our understanding that the PSC in its February 1, 2023, Notice of Filings and Public Hearings for this case scheduled a consolidated hearing on March 28, 2023 for Dickey County, together with Sargent County. We request that the PSC hold a separate hearing in Dickey county.

Each of the undersigned confirm that he or she owns property in Dickey County, and that the applicant for the Midwest Carbon Express CO2 Pipeline Project has sought one or more easements on this property for the Midwest Carbon Express CO2 Pipeline Project, such that we are affected landowners.

Thank you for your consideration of our petition.
