RE: Offer to Acquire Easements
Tract #: ND-RI-324-096.000 Richland County, North Dakota

Dear Landowners:

In our previous communications with you, Summit Carbon Solutions, LLC ("Summit") announced the construction of a carbon dioxide pipeline and any necessary appurtenant facilities (collectively the "Pipeline") across Richland County, North Dakota, for the Midwest Carbon Express project (the "Project"). Summit has hosted public meetings across the Project area for landowners to learn more about the Project and its benefits and we have been communicating with you regarding survey permissions. In order to implement the Project, Summit must obtain rights to each property along the Project route. Summit is currently in the process of acquiring easements from landowners, and public records indicate that you are the record titleholder of the property described in the enclosed easement agreement ("Easement Agreement").

The Easement Agreement sets forth the easements Summit desires to obtain (the "Easements") and their approximate location across your property. In a good faith effort to reach an agreement for the Easements, Summit offers to pay you the sums set forth in the attached Easement and Damage Calculation Sheet (the "Offer Amount") as compensation for the Easements and damages referenced in the calculation sheet, all in exchange for your execution of the Easement Agreement in favor of Summit. Summit makes this offer to you premised upon its understanding that you are the owner of the property referenced in the Easement Agreement and that you can lawfully convey the Easements free and clear of any claims of others. If this is not the case, please so advise. If there are multiple owners and interest holders of the property, the Offer Amount will be paid proportionately based upon your undivided interest in and to the property.

Summit is committed to working closely with landowners as we continue to develop the Project and are available to answer your questions about the Project. Summit has established a project email, InfoND@summitcarbon.com and a 24-hour project toll free number, 1-800-948-1722, should you need to contact us.

Sincerely,

A handwritten signature in blue ink that reads "T. Bray".

EASEMENT AGREEMENT

This easement agreement ("Agreement") is made as of the date of the last Landowner signature to the Agreement (the "Effective Date") by and between **Rose Dotzenrod and Dan D. Dotzenrod, her husband**, whose mailing address is set forth below, (hereinafter referred to as "Landowner", whether one or more), and **Summit Carbon Solutions, LLC**, an Iowa limited liability company, whose mailing address is 2321 N Loop Drive, Suite 221, Ames, Iowa 50010, and its successors and assigns (such entity and its successors and assigns are collectively referred to as the "Company"). For the consideration of Ten and No/100 Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Grant.** Landowner owns the real property described on Exhibit A, incorporated by reference herein, ("Landowner's Property") and hereby grants, sells and conveys unto Company, for use by Company and its agents, employees, designees, contractors, guests, invitees, successors and assigns, and all those acting by or on behalf of it, the following easements in, over, through, across, under, and along Landowner's Property in the approximate locations shown on Exhibit B, incorporated by reference herein, except as noted below:
 - a. **Pipeline Easement.** For a term of 99 years, a free and unobstructed permanent, non-exclusive pipeline easement fifty feet (50') in width ("Pipeline Easement"), for the purposes of owning, accessing, surveying, establishing, laying, constructing, reconstructing, installing, realigning, modifying, replacing, improving, substituting, operating, inspecting, maintaining, repairing, patrolling, protecting, changing slopes of cuts and fills to ensure proper lateral and subjacent support for and drainage for, changing the size of, relocating and changing the route or routes of, abandoning in place and removing at will, in whole or in part, one pipeline not to exceed twenty-four inches (24") in nominal diameter for the transportation of carbon dioxide and its naturally occurring constituents and associated substances and any appurtenant facilities above or below ground, including aerial markers, power drops, telecommunications, cathodic protection, and such other equipment as is used or useful for the foregoing purposes, (collectively, the "Pipeline Facilities").
 - b. **Temporary Easement.** For the period beginning on the Effective Date and terminating on the earlier of (i) the Company's delivery to Landowner of written notice of termination, which Company shall deliver within a reasonable time after completion of construction on the Landowner's Property or (ii) the expiration of 99 years, a free and unobstructed non-exclusive temporary construction easement (the "Temporary Construction Easement") for the purpose of accessing, surveying, establishing, laying, constructing,

reconstructing, installing, realigning, modifying, replacing, improving, substituting, operating, inspecting, maintaining, repairing, patrolling, protecting, changing slopes of cuts and fills to ensure proper lateral and subjacent support for and drainage for, changing the size of, relocating and changing the route or routes of, abandoning in place and removing at will, in whole or in part the Pipeline Facilities in the Pipeline Easement.

- c. **Access Easement.** For a term of 99 years, a free and unobstructed non-exclusive easement in, to, through, on, over, under, and across the Landowner's Property and over the property of Landowner adjacent to the Easements and lying between public or private roads and the Easements (the "Access Easement") for the purpose of ingress and egress to the Pipeline Easement and, while in effect, Temporary Construction Easement and for all purposes necessary and at all times convenient to exercise the rights granted to it by this Agreement. Access Easement may not be specifically shown on Exhibit B.

The Pipeline Easement, Temporary Construction Easement and Access Easement may be collectively referred to in this Agreement as the "Easements".

2. **Location.** Exhibit B shows the approximate location of the Pipeline Easement and Temporary Construction Easement and may show portions of the Access Easement. Company shall have the right to select the exact location of the Easements and the location of the pipeline and other Pipeline Facilities within the Pipeline Easement, such that the centerline of the pipeline may not, in all instances, lie in the middle of the Pipeline Easement. The parties acknowledge that Exhibit B may be in preliminary form, whether as sketches or surveys or otherwise. Accordingly, the parties agree that upon completion of a more complete depiction of the locations of the Easements, the Company, without joinder of Landowner, may replace Exhibit B with Exhibit B-1, which shall be such final, more complete exhibit, by affidavit, amendment or otherwise. However, upon the request of Company, Landowner agrees to cooperate with Company and to execute and deliver to Company any additional documents, including an amendment to this Agreement, for the purpose correcting the legal description or location of the Easements or making such other modifications requested by Company to accomplish the purposes of this Agreement. Company shall provide Landowner with a copy of the recorded affidavit, amendment or re-recorded Agreement.
3. **Damages.** Company agrees to pay to Landowner the sums set forth on the Damage Calculation Sheet dated with the Effective Date in satisfaction of those damages described on the Damage Calculation Sheet.
4. **Restoration.** After it has exercised its rights to use the Easements in any manner that disturbs the surface of the Easements, Company will, insofar as reasonably practicable and except as the surface may be permanently modified in accordance with the rights granted under this Agreement, restore the ground disturbed by the Company's use of the Easements and will construct and maintain soil conservation devices on the Pipeline Easement as may be reasonably required to prevent damage to the property of Landowner from soil erosion resulting from operations of Company under this Agreement. Company shall restore all fences to as nearly as reasonably practicable to their condition prior to the use of said Easements, except for any portion within the Easements that is permanently altered in accordance with rights given under this Agreement.

5. **Landowner's Use.**

- a. Subject to the following subsections, Landowner may use the Easements for any and all purposes not inconsistent with the purposes set forth in this Agreement. Landowner's uses may include but shall not be limited to agricultural, open space, and installation and maintenance of fences (provided Company shall at all times have access through any such fence by means of a gate), provided that any such use is not otherwise prohibited by applicable law and provided that such use does not, in Company's sole discretion, cause a safety hazard or unreasonably interfere with Company's rights under this Agreement. The use of the Pipeline Easement by Landowner shall be regulated by Company requirements and all appropriate ordinances, regulations, resolutions or laws of the governmental entity with authority over the Pipeline Easement.
 - b. Landowner may not use any part of the Easements in a way that may damage, destroy, injure, and/or interfere with the Company's right to use said Easements for the purposes set forth in this Agreement. Without limiting the generality of the previous statement, Landowner is not permitted to conduct any of the following activities on the Easements without the written permission of Company: (1) construct or permit the construction or installation of any temporary or permanent building or site improvements; (2) drill or operate any well or any equipment for the production or development of minerals; (3) remove soil or change the grade or slope; (4) impound surface water; or (5) plant trees or landscaping. Landowner further agrees that no above or below ground obstruction, whether temporary or permanent, man-made or natural, that, in the sole discretion of Company, may endanger or interfere with the efficiency, safety, or convenient operation of the pipeline and other Pipeline Facilities or use of the Easements may be placed, erected, installed or permitted to exist without the written permission of Company. In the event the terms of this paragraph are violated, or the Easements are otherwise obstructed in a manner that Company determines in its sole discretion interferes or may interfere with its rights hereunder, Landowner shall immediately remove such violation or obstruction upon receipt of written notice from Company or Company shall have the immediate right to correct or remove such violation or obstruction at the sole expense of Landowner. Landowner shall promptly reimburse Company for any actual expense related to such correction or removal. Landowner further agrees that it will not interfere in any manner with the purposes for which the easements under this Agreement are conveyed. Any improvements, whether above or below ground, temporary or permanent, installed by Landowner subsequent to the date that Company acquires the Easements, may be removed by Company without liability to Landowner for damages.
 - c. Landowner acknowledges and agrees that during the initial construction of the Pipeline Facilities or any construction, maintenance, repair, replacement or removal work on the Pipeline Facilities, Landowner may not have use of the Easements for any purpose so as to avoid disrupting such construction or other work or compromising the safety considerations of the construction or repair work. Landowner agrees to abide by any and all safety instructions established by the Company.
6. **Oil, Gas, and Other Minerals.** Landowner shall retain all the rights to oil, gas, and other minerals in, on and under the Easements; provided, however, as stated in 5(b), Landowner shall not be permitted to drill or operate equipment for the production or development of minerals on the Easements, but it will be permitted to extract the oil and other minerals from and under the Easements by directional drilling and other means, so long as such activities do not damage,

destroy, injure, and/or interfere with the Company's use of the Easements for the purposes for which the Easements are being sought by Company.

7. **Indemnification.** Company agrees to indemnify and hold Landowner harmless from and against any claim or liability or loss from personal injury or property damage resulting from or arising out of the use of the Easements by Company, its servants, agents or invitees, excepting, however, such claims, liabilities or damages as may be due to or caused by the acts of Landowner, or its servants, agents or invitees.
8. **Assignment.** Company shall have the right to sell, assign, apportion, mortgage or lease this Agreement, as amended from time to time, and the Easements granted under it, in whole or in part, to one or more parties, and Company shall be released from its obligations under this Agreement to the extent of such sale, assignment, apportionment, or lease, provided that any such purchaser, assignee, apportionee, or lessee assumes Company's obligations. The Pipeline Easement and Access Easement shall be permanent, and the Easements and provisions of this Agreement, including all benefits and burdens, shall constitute a covenant and burden on the land and shall run with the land.
9. **Landowner's Interest.** Landowner, for itself, its heirs, successors, and assigns, represents, warrants, and covenants that it is the sole true and lawful owner(s) of Landowner's Property and has full right and power to grant and convey the Easements. Landowner hereby binds itself and its heirs, assigns, devisees, successors, and legal representatives to warrant and forever defend the above-described Easements and rights, unto Company, and Company's successors and assigns, against every person whomsoever lawfully claiming or to claim the same, or any part thereof. Landowner relinquishes, releases and waives all rights of dower, homestead and distributive shares in and to the Easements.
10. **Landowner Liens.** Landowner consents to Company contacting any lender, mortgagee, or other pre-existing holder of a lien or interest in the Property in order to secure a consent, subordination, non-disturbance agreement or such other document as Company deems necessary for the benefit of the parties. Such form may be recorded in the real estate records of the county in which Landowner's Property lies. Upon the request of Company, Landowner agrees to fully cooperate with Company in order to secure such document from each lender, mortgagee, or other pre-existing holder of a lien or interest in the Property. Landowner shall not be required to incur any third party out of pocket expenses in connection with assisting Company in the pursuit of the foregoing documents; all such third party out of pocket expenses relating to the same shall be paid by Company.
11. **Property of Company.** Notwithstanding any rule of law or equity, unless otherwise sold, bartered or conveyed to another party, the pipeline and all other Pipeline Facilities shall at all times remain the property of the Company notwithstanding that the pipeline or those facilities may be annexed or affixed to the freehold or abandoned in place by Company.

12. Miscellaneous.

- a. To the extent provisions included in Exhibit C, incorporated by reference herein, if any, conflict with provisions of this Agreement, provisions of Exhibit C control.
- b. All notices given or permitted to be given under this Agreement shall be in writing. Notice is considered given either (i) when delivered in person to the recipient named above, (ii) upon deposit in the United States mail in a sealed envelope or container, postal charges prepaid, return receipt requested or certified mail, or (iii) upon deposit with an overnight courier service. Either party may, by notice given at any time, require subsequent notices to be given to another individual person, whether a party or an officer or representative, or to a different address, or both.
- c. This Agreement and the Easements granted under it shall be interpreted in accordance with the laws of the State of North Dakota and all applicable federal laws. All actions or proceedings with respect to this Agreement shall be instituted only in state or federal court of the states of Iowa or North Dakota, and Landowner consents to the jurisdiction of or venue in such courts.
- d. Company may exercise all or any of its rights in this Agreement at any time, and Company's non-use or limited use of any such rights shall not constitute forfeiture of or otherwise limit any such rights.
- e. The waiver or failure to enforce any provision of this Agreement by either Landowner or Company or the waiver of a breach or violation of any provision of this Agreement by either party shall not operate as or be construed as a waiver of any subsequent breach, or waiver or failure to enforce, of any provision of this Agreement.
- f. This Agreement may be signed in counterparts and all such counterparts shall be deemed as originals and binding upon each party executing any counterpart and upon its respective heirs, devisees, representatives, successors and assigns. Company's payment of consideration for this Agreement is evidence of Company's acceptance of the Agreement. This Agreement, or a memorandum giving notice of this Agreement, and exhibits, including subsequent Exhibit B-1, may be recorded in the real estate records of the county or counties where Landowner's Property lies.
- g. This Agreement, including all exhibits, addendums and amendments to the Agreement, and any payment or damage calculation sheets provided to the Landowner and any other documents signed contemporaneously with this Agreement, contain the entire agreement between the parties and there are not any other representations or statements, verbal or written that have been made modifying, adding to, or changing the terms of this Agreement. Except as provided in paragraph 2, this Agreement, shall not be abrogated, modified, rescinded, or amended in whole or in part without the written consent of Landowner and Company, in writing and executed by each of them.
- h. If any provision of this Agreement is invalid under any applicable statute or is declared invalid by a court of competent jurisdiction, then that provision shall be deemed to be severed from this Agreement and the remainder of this Agreement shall continue in full force and effect and shall be construed to the furthest extent legally possible so as to accomplish the purposes set forth in this Agreement.

EXHIBIT C
ADDENDUM OF SPECIAL CONDITIONS

This Exhibit C is attached to and incorporated into that Easement Agreement between Landowner and Company (the "Easement Agreement"). Landowner and Company agree that to the extent the following provisions of this Exhibit conflict with the provisions of the Easement Agreement, the provisions of this Exhibit shall control.

1. **Pipeline Diameter.** Notwithstanding the diameter stated in Section 1(a) of the Easement Agreement, the pipeline constructed pursuant to the Easement Agreement shall not exceed ten inches (10") in nominal diameter.
2. **Drain Tile & Terrace Repair.** For so long as Company exercises its rights under the Easement Agreement, if Landowner notifies Company that any drainage tile, terrace or irrigation system on the Grantor's Property has been damaged as a direct result of Company's activities in connection with the Easement Agreement, then Company shall (a) investigate the damages and (b) if Company confirms the claim, then Company shall repair or, if Company deems necessary, replace the damaged portion of such tile, terrace or irrigation system or, at Landowner's option, pay to Landowner the reasonable costs to so repair or replace the damaged portion of such system either at its original location or at such other location as will accomplish its original purpose. Landowner agrees to provide Company with satisfactory documentation of the costs of such repair or replacement.
3. **Easement Agreement Unchanged.** Except as specifically modified in this Exhibit, the terms of the Easement Agreement remain unchanged and in full force and effect.
4. **Capitalized Terms.** Capitalized terms not otherwise defined in this Exhibit shall have the same meaning as set forth in the Easement Agreement.

EASEMENT CALCULATION SHEET

Tract Number: ND-RI-324-096.000

Landowner Name: Rose Dotzenrod

Permanent Easement Acres: 3.394

Footage: 2,956.750 feet(+/-)

Permanent ROW Width: 50 feet

Temporary Construction Width (+/-)*: 50 feet(+/-)

Date 12/6/2021

**** If the total compensation is less than \$5,000, the compensation will increase to a minimum payment of \$5,000**

* Temporary Construction Width may be wider in areas, see Exhibit B for impacts

PERMANENT EASEMENT & TEMPORARY CONSTRUCTION EASEMENT COMPENSATION

Land Type	Footage	Price Per Foot	Total Easement Compensation
Permanent Easement			
Tillable	2,888.293	\$7.76	\$22,413.15
Non-Tillable	68.457	\$3.85	\$263.56
TOTAL EASEMENT COMPENSATION **			\$22,676.71

◊ If, based on the final legal description, it is determined that the permanent easement length is greater than the Total Footage as shown above, Company shall adjust the Balance Due such that the Total Easement Compensation is based on the actual footage using the same formulas as set forth on this Easement Calculation Sheet. Upon payment of the Total Compensation, Landowner acknowledges and agrees that it releases and forever discharges Company from all damages and claims relating to the pipeline and/or Company's exercise of its rights under the Easement Agreement, including but not limited to damages and claims relating to crops, soils, subsoils, future yields, and the like beyond the period set forth below. Notwithstanding the foregoing, if, after initial construction and restoration is complete, Company goes on to the Property and directly causes actual damages to and/or loss of crops then growing on the Property (and excepting disturbances to the surface as may be made in accordance with the rights granted under the Easement Agreement, including removal of trees and other vegetation growing from the Property), Company agrees to restore the surface insofar as reasonably necessary and practicable or pay a reasonable sum for such damages (if not already compensated for as set forth below), at Company's option.

◊ Landowner acknowledges and agrees that Company has discretion to terminate the Easement Agreement at any point and if Company elects to terminate the Easement Agreement prior to its payment of the Balance Due, Company is under no obligation to pay the Balance Due. In the event that Company decides to utilize the Easement Agreement and/or otherwise to pay said Balance Due, it shall do so prior to the date construction crews access the property to install the pipeline (the "Balance Due Date"). In the event that Company elects to terminate the Easement Agreement prior to the Balance Due Date, Landowner shall retain the Initial Payment, but shall not be entitled to any other payments, and Company shall have no further obligation or other liability to Landowner.

DAMAGE CALCULATION SHEET

Year - % of Loss and Crop	Price Bushel	Yield Per Acre	Price Per Acre	Acres	Advance Payment of Damages
Yr 1 - 100% Corn	\$6.00	196	\$1,176.00	6.632	\$7,799.23
Yr 2 - 80% Soybean	\$13.00	47	\$611.00	6.632	\$3,241.72
Yr 3 - 60% Corn	\$6.00	196	\$1,176.00	6.632	\$4,679.54
3 Years - Pasture	N/A	N/A	\$800.00	0.157	\$125.60
TOTAL CROP DAMAGES					\$15,846.09
to be paid prior to the start of construction on Landowner Property and are Paid to the then Owner of the Property at the time Damages are due					Round up Check to Next Dollar

PROPERTY INFORMATION FORM

(NOTIFICATION) Property Access Notification

Notice Required: Yes No

Name of person to contact: _____

Phone: _____

Minimum notice required _____ days prior to access upon the landowner's property.

(LAND USE) Land Use Information

What types of land uses are associated with the property, check all that apply.

Agricultural Pasture Residential Commercial Other _____

Wind Hunting, provided seasons and restrictions

Comments as needed: _____

(CROPS) List crops grown on the proposed right-of-way.

Corn Soybean Hay Oats Wheat Canola Organic Farm

Sorghum Seed corn Other _____

Time of year for harvest _____

Do you perform aerial spraying of crops, if so what months? _____

(CONSERVATION EASEMENT) Do you have any conservation easements? If Yes, describe any special requirements:

Conservation Reserve Programs (CRP)

Wetland Reserve Programs (WRP)

Grassland Reserve Programs (GRP)

If yes, what seed mix must be planted _____

Are there any other Federal or County Easements on the property? _____

Provide copy of program participation documentation _____

(LIVESTOCK) What types of livestock are on the property?

Feeder Cattle Dairy Hogs Other _____

(FENCING)

Is it okay to install locks in existing gates or at designated point of access?

Yes No

What type of permanent fencing (if any) is currently on the property, i.e. slick, hog, barbed?

(STRUCTURES)

Are there any structures within 300 feet of the proposed pipeline that are habitable? Yes No

Are there any structure within 300 feet of the proposed pipeline that are un-inhabitable? Yes No

If so, provide any pertinent details:

(UTILITIES)

Are there any buried utilities (private or public) on or near the right-of-way? Yes No

If Yes, state which and make a note of their general location: _____

(IRRIGATION, TILE & TERRACES) (take photos of any related documentation to tiles etc.)

Is there any known tile on the property near the ROW? [] Yes [] No

Do you have maps or know where the tile is located, depth and or type?

Who do you use for any tile repairs? Name and Phone _____

Is there an irrigation system on the property near the ROW? [] Yes [] No

If yes, describe the type (e.g., pivot, traveling gun, ditches: _____

Are there buried irrigation lines on the property? [] Yes [] No

If yes, please provide a map or approximate location of the lines.

Describe the months the irrigation system is operational _____

Will the proposed easement impact any terraces? [] Yes [] No

Description your Terraces:

(WELLS/SPRINGS)

Are there any known springs on the property near the ROW? [] Yes [] No

Are there any known water wells on the property near the ROW? [] Yes [] No

If yes, identify the use of the water well (domestic, livestock, irrigation, etc.) and status (active/inactive)

Are there any known oil/gas wells on the property near the ROW [] Yes [] No

If Yes – please provide a map of the location of the well or GPS coordinates, owner of the well and if it is active/inactive _____

Would landowner be interested in selling water to the project? _____

(FLOODING)

Does the property flood? [] Yes [] No

Does the area near the ROW flood? [] Yes [] No

Is the flooding seasonal or only during major rainfall events? [] Seasonal [] During Major Rainfalls

Specify the time it takes for the flooding to subside _____

(ACCESS ROADS) Availability of Access Roads

Are access roads on the property available to use during construction? [] Yes [] No

If Yes - specify location and type of surface _____

(SEPTIC SYSTEMS)

Are there any existing septic systems within 125 feet of the proposed pipeline easement?

[] Yes [] No (Yes provide type of system _____)

If Yes – please provide a map of the location of the septic and any drawings of the septic field

(MISC)

Are there any known archeological or other environmental sites on the property? _____

Are there dogs on the property that we should be aware of? _____
