Subject: RE: Summit Carbon Pipeline Route

Randy and John,

Happy New Year! I appreciate the meeting last week and found it valuable. I shared the input and feedback I received during our meeting with the SCS executive team. Reaching resolution on the route around Bismarck is one of our highest priorities. Jimmy Powel, SCS Chief Operating Officer, and Bruce Rastetter, SCS Board Chair would like to meet with you. I believe engagement with our top leadership will be a valuable step in reaching resolution. Are you available for a meeting in Bismarck next week or the following week? Please let me know.

Thanks,
Wade
