Amend Certificate #203 and Route Permit #213
Siting Application**

Case No. PU-23-15

NOTICE OF OPPORTUNITY FOR HEARING

On April 30, 2018, in Case No. PU-17-483 the Commission adopted its Findings of Fact, Conclusions of Law and Order issuing Certificate of Corridor Compatibility Number 203, and Route Permit Number 213, to ONEOK Rockies Midstream, L.L.C., for the construction, operation and maintenance of approximately 45 miles of 12-inch diameter natural gas liquids pipeline and associated facilities in Williams and McKenzie Counties, North Dakota.

On January 3, 2023, ONEOK Rockies Midstream, L.L.C. (ONEOK) filed an application for amendment to Certificate of Corridor Compatibility Number 203 and Route Permit Number 213 for the construction of the 4-mile Cherry Creek Extension Pipeline Project (Project) originating at ONEOK's existing Lonesome Creek Gas Plant and terminating at the existing Antelope Creek pipeline junction in McKenzie County. The Project will be a 12-inch diameter natural gas liquids pipeline capable of delivering a maximum of 160,000 barrels per day with an initial anticipated increase of the flow rate from 50,000 to 70,000 barrels per day.

On January 12, 2023, ONEOK filed an application to waive the requirements to hold a separate hearing for the waiver application, waive any hearing requirements, and instead proceed by virtue of a notice of opportunity for hearing procedure.

The issues to be considered in the application for an amended certificate of corridor compatibility and an amended route permit are:

1. Will the location and operation of the proposed facility produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Is the proposed facility compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed facility location minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

The issues to be considered in the application for waiver of procedures and time schedules include:

1. Is the proposed facility of such length, design, location, or purpose that it will produce minimal adverse effects and that adherence to applicable procedures and time schedules may be waived?

2. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearing must be received by March 24, 2023.** If deemed appropriate, the Commission can determine the matter without a formal hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission.
