**Re: Otter Tail Power Company
Amend – Langdon Wind Upgrade
Siting Application
Case No.: PU-23-86**

On March 6, 2023, the Commission received your filing regarding the upgrade of the Langdon Wind Energy Center.

The filing appears to be structured as though it is a siting exclusion certification or an application to amend the original siting certificate.

This letter is to inform you that due to the changes of impact, the Commission intends to process the filing as an amendment application.

Please feel free to contact me with any questions or objections.

Best regards,

Victor Schock
Director, Public Utilities Division
