Case No. PU-23-86

NOTICE OF FILING AND NOTICE OF OPPORTUNITY FOR HEARING

On May 31, 2007, in Case No. PU-07-26, the Commission issued its Findings of Fact, Conclusions of Law and Order issuing Certificate of Site Compatibility Number 6 to Langdon Wind, LLC authorizing the construction of an up to 159 MW Langdon Wind Energy Center in Cavalier County, North Dakota.

On July 16, 2008, in Case No. PU-08-159, the Commission issued its Order Granting Partial Certificate Transfer and issued Certificate of Site Compatibility Number 8 to Otter Tail Power Company authorizing ownership of a 40.5 MW portion of the Langdon Wind Energy Center in Cavalier County, North Dakota.

On March 6, 2023, in Case No. PU-23-86, Otter Tail Power Company (OTP) filed an application to amend Certificate of Site Compatibility Number 8. OTP proposes an amendment to repower the 27 existing 1.5 MW GE 77-meter blades, hubs and gearboxes with upgraded 1.5 MW GE 97-meter blades, hubs and gearboxes.

The issues to be considered in this proceeding are:

1. Will the location, construction, and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearings must be received by May 12, 2023.** If deemed appropriate, the Commission can determine the matter without a formal hearing.
