Dear Mr. Crum

Enclosed is a copy of Revision 35 to NAFK-9503 that you requested on September 27, 2023 during a phone call. This revision deletes 159.6 acres from the permit in the SW $\frac{1}{4}$  of Section 32, T145N, R83W and revises the post-mining topography. The revision also updates the permit's introductory, legal, financial, compliance and surface and coal ownership information, surface water hydrology, surface water management, operations plans, blasting map, transportation facilities, reclamation plans and schedules, post-mining land use and revegetation, and wetlands sections. Please refer to pages 420 to 424 in Section 1.1.3 (Revision Lists of Changes) for a list of Revision No. 35 proposed changes.

Please contact our office with any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jonathan Emmer".
