Case No. DM-23-229

ORDER AND NOTICE OF DEFAULT

February 21, 2024

Preliminary Statement

On June 19, 2023, the Commission received a North Dakota One-Call Complaint (Complaint) from ONEOK Rockies Midstream, L.L.C. (ONEOK). The Complaint alleges Aznorth LLC (Aznorth) violated North Dakota Century Code (NDCC) § 49-23-04(1) of the One-Call Excavation Notice System by failing to contact the North Dakota One-Call Notification Center (NDOC) to provide an excavation or location notice before beginning any excavation. Furthermore, Aznorth's failure resulted in damage to a six-inch gas gathering line causing a release.

On June 20, 2023, Commission staff issued a letter informing Aznorth of ONEOK's complaint filing and requested a response by July 14, 2023.

On July 24, 2023, Advocacy Staff (Staff) spoke with Joe Eastes of Aznorth via telephone in which Mr. Eastes acknowledged that Aznorth was in receipt of the Complaint and that a response would be sent right away.

On October 24, 2023, Staff again spoke with Mr. Eastes via telephone regarding the lack of a response from Aznorth. Aznorth assured Staff a response would be sent. Additionally, Staff followed up this conversation with an email on the same day.

As of November 6, 2023, Staff had received no response to the phone calls or emails from Aznorth.

On November 8, 2023, Staff filed a Formal Complaint alleging Aznorth violated NDCC § 49-23-04(1) by failing to provide an excavation or location notice before beginning any excavation and that Aznorth violated NDCC § 49-23-06(1)(a)((1)) by failing to call 911 when the damage resulted in the release of flammable gas. Staff requested the Commission enter an Order of Default against Aznorth pursuant to NDCC § 28-32-21(e) and impose a penalty.

On November 29, 2023, the Commission found the Formal Complaint states a prima facie case, and service of the Formal Complaint was initiated on November 30, 2023.

On December 4, 2023, a return receipt was signed by Ada Eastes of Aznorth as evidenced by the return receipt on file with the Commission.

On January 11, 2024, Staff filed, and service was initiated to Aznorth on the Notice of Motion for Order of Default and a Motion for Order of Default and Brief in Support.

On January 17, 2024, a return receipt was signed by Ada Eastes of Aznorth as evidenced by the return receipt on file with the Commission.

Discussion and Statement of Grounds for Default

Aznorth is a North Dakota Limited Liability Company with a principal address of 306 Tubman Street, Bainville, Montana 59212, a mailing address of PO Box 152 Bainville, Montana 59212, and a registered agent listed as Daniel G. Smith, 2202 5th Avenue, Watford City, North Dakota 58854.

On June 13, 2023, Aznorth began an excavation as defined in NDCC § 49-23-01(7) for a residential septic system at latitude 48.114291, longitude -103.737153. There is no evidence of Aznorth contacting NDOC prior to beginning this excavation. During the excavation, Aznorth struck ONEOK's six-inch poly Davidson #1 gas gathering line causing a release. Aznorth notified ONEOK of the strike at 3:15 p.m. ONEOK representatives were onsite at 3:29 p.m. and locked out all wells and closed the block valve to isolate the line by 3:40 p.m. Four customers were affected, and the estimated value of the damage was \$18,155.

On October 19, 2023, ONEOK provided the final cost of the damage, \$11,235 which as of this date, has not been paid as confirmed by ONEOK.

On November 2, 2023, Staff contacted the Williston Police Department (Williston PD) located in Williston, North Dakota. Williston PD provides 911 services to Williams County. There is no evidence of Aznorth calling 911 to report the release of natural gas.

Aznorth violated NDCC § 49-23-04(1) by failing to provide an excavation or location notice before beginning any excavation. Furthermore, Aznorth violated NDCC § 49-23-06(1)(a)((1)) by failing to call 911 when the damage resulted in the release of flammable gas.

NDCC § 49-23-04(1) provides that “[e]xcept in an emergency, an excavator shall contact the notification center and provide an excavation or location notice before beginning any excavation. An excavation begins the first time excavation occurs in an area that was not previously identified by the excavator in an excavation notice.”

NDCC § 49-23-06(1)(a) provides that “[i]f any damage occurs to an underground facility or its protective covering, the excavator shall notify the operator as soon as reasonably possible. When the operator receives a damage notice, the operator shall dispatch, as soon as reasonably possible, personnel to the damage area to investigate. If the damage results in the escape of flammable, toxic, or corrosive gas or liquid, the excavator shall:

- (1) Call 911 immediately; and
- (2) Notify the pipeline operator immediately.”

The facts before the Commission indicate that Aznorth is in default for failing to file an answer within 20 days after service of the Complaint. Furthermore, Aznorth failed to respond to the Notice of Motion for Order of Default and a Motion for Order of Default and Brief in Support within 10 days after service.

Aznorth’s failure to file an answer to the Complaint constitutes grounds for default under NDCC Chapter 28-32 and N.D. Admin. Code Chapter 69-02-02.

The Commission may impose a civil penalty up to \$25,000, but at least \$7,400, or any other relief that the Commission finds just and proper.

This Order and Notice of Default constitutes a written Notice of Default and a statement of the grounds for default.

The Commission issues the following:

Order and Notice of Default

The Commission Orders:

1. Aznorth is in default under NDCC Chapter 28-32 and North Dakota Administrative Code Chapter 69-02-02 for failing to file an answer to the Complaint within twenty (20) days after service of the Complaint.
2. Aznorth is in violation of NDCC § 49-23-04(1) by failing to provide an excavation or location notice before beginning any excavation and NDCC § 49-23-06(1)(a)((1)) by failing to call 911 when the damage resulted in the release of flammable gas.
3. Aznorth is assessed a civil penalty of \$7,400.
4. Aznorth shall remit the \$7,400 civil penalty, payable to the North Dakota Public Service Commission, within ten (10) business days upon service of this Order and Notice of Default.
5. For identification of Internal Revenue Code, 26 U.S.C. § 162(f)(2)(A)(ii), the performance is restitution, remediation, or an amount paid to come into compliance with

the law, Aznorth shall provide the Commission with a U.S. Department of the Treasury Internal Revenue Service Form W-9 for the purpose of the identification requirement of 26 U.S.C. § 162(f)(2)(A)(ii) within ten (10) business days of service of this Order.

6. This Order and Notice of Default constitutes a written Notice of Default and a statement of the grounds for default.

7. Under NDCC § 28-32-30(2), Aznorth has seven (7) days after service of this Order and Notice of Default to file a written motion requesting the default order be vacated and stating the grounds relied upon for the request. Unless Aznorth, within seven (7) days after service of this Order and Notice of Default, files a written motion requesting the default order be vacated, this Order and Notice of Default will be the final determination of this matter.

MOTION AND BRIEF FOR DEFAULT ORDER

The North Dakota Public Service Commission (Commission), by and through Advocacy Staff (Staff) respectfully seeks an Order of Default against Respondent, Aznorth LLC (Aznorth). In support of the Motion, Staff submits the following:

Pursuant to N.D.C.C. § 28-32-21(e) and N.D. Admin. Code § 69-02-02-03(1), a Formal Complaint “may inform the respondent that an answer to the complaint must be served upon the complainant and the agency with which the complaint is filed within twenty days after service of the complaint, or the agency may deem the complaint to be admitted.” On December 4, 2023, Aznorth received the Formal Complaint filed with the Commission via certified mail. Aznorth failed to respond to the Formal Complaint within the time allotted under N.D.C.C. § 28-32-21(e). Having failed to answer the complaint,

the Commission may deem the Formal Complaint to be admitted by Aznorth and “enter an order in default as the facts and law may warrant.” N.D.C.C. § 28-32-21(e).

DISCUSSION

On June 19, 2023, the Commission received a North Dakota One-Call Complaint (Complaint) from ONEOK. The Complaint alleges Aznorth violated N.D.C.C. § 49-23-04(1) of the One-Call Excavation Notice System by failing to contact the North Dakota One-Call Notification Center (NDOC) and provide an excavation or location notice before beginning any excavation. Furthermore, Aznorth’s failure resulted in damage to a six-inch gas gathering line causing a release. *See Attached ND One-Call Complaint.*

On June 20, 2023, Staff issued a letter informing Aznorth of ONEOK’s complaint filing and requested a response by July 14, 2023.

On July 24, 2023, Staff spoke with Joe Eastes of Aznorth via telephone in which Mr. Eastes acknowledged that Aznorth was in receipt of the Complaint and that a response would be sent right away.

On October 24, 2023, Staff again spoke with Mr. Eastes via telephone regarding the lack of a response from Aznorth. Aznorth assured Staff a response would be sent. Additionally, Staff followed up this conversation with an email on the same day.

As of November 6, 2023, Staff had received no response to the phone calls or emails from Aznorth.

As alleged by ONEOK’s complaint, on June 13, 2023, Aznorth began an excavation as defined in N.D.C.C. § 49-23-01(7) for a residential septic system at latitude 48.114291, longitude -103.737153. There is no evidence of Aznorth contacting NDOC prior to beginning this excavation. During the excavation, Aznorth struck ONEOK’s six-

inch poly Davidson #1 gas gathering line causing a release. Aznorth notified ONEOK of the strike at 3:15 p.m. ONEOK representatives were onsite at 3:29 p.m. and locked out all wells and closed the block valve to isolate the line by 3:40 p.m. Four customers were affected, and the estimated value of the damage was \$18,155.

On October 19, 2023, ONEOK provided the final cost of the damage, \$11,235. To the best of Staff's knowledge, this has not been paid.

On November 2, 2023, Staff contacted the Williston Police Department (Williston PD) located in Williston, North Dakota. Williston PD provides 911 services to Williams County. There is no evidence of Aznorth calling 911 to report the release of natural gas.

On November 8, 2023, Staff filed a Formal Complaint alleging Aznorth violated N.D.C.C. § 49-23-04(1) by failing to provide an excavation or location notice before beginning any excavation and that Aznorth violated N.D.C.C. § 49-23-06(1)(a)((1)) by failing to call 911 when the damage resulted in the release of flammable gas. See *Attached Formal Complaint*.

On November 29, 2023, the Commission found the Formal Complaint stated a *prima facie* case. Service of the Formal Complaint was initiated on November 30, 2023, via certified mail by Geralyn R. Schmaltz to Joe Eastes, Aznorth LLC, PO Box 152, Bainville, Montana, 59212 (Cert. No. 9589 0710 5270 1582 7537 25) and to Daniel G. Smith, Registered Agent for Aznorth LLC, 2202 5th Avenue, Watford City, North Dakota, 58854 (Cert. No. 9589 0710 5270 1582 7537 32). A return receipt was signed by Ada Eastes of Aznorth on December 4, 2023. See *Attached Return Ticket*.

In Section XI of the Formal Complaint, Aznorth was informed that "[t]he Respondent must serve an answer to this complaint upon the Complainant and the

Commission within twenty days after service of the complaint, or the Commission may deem the complaint to be admitted.” Having received no answer to the Formal Complaint by December 26, 2023, the Commission may deem the Formal Complaint to be admitted and enter an Order of Default pursuant to N.D.C.C. § 28-32-21(e). As of January 9, 2024, Aznorth has not responded.

CONCLUSION

For these reasons, Staff respectfully requests that if Aznorth does not submit a response and schedule a hearing within ten (10) days after service of this motion that the Commission issue an Order of Default against Aznorth. Staff also requests the Commission impose an appropriate civil penalty up to \$25,000, but at least \$7,400, and such other relief the Commission finds just and proper.

Dated this 10th day of January, 2024.

IV

On June 19, 2023, the Commission received a North Dakota One-Call Complaint (Complaint) from ONEOK. The Complaint alleges Aznorth violated N.D.C.C. § 49-23-04(1) of the One-Call Excavation Notice System by failing to contact the notification center and provide an excavation or location notice before beginning any excavation. Furthermore, Aznorth's failure resulted in damage to a six-inch gas gathering line causing a release.

V

On June 20, 2023, Staff issued a letter informing Aznorth of ONEOK's complaint filing, and requested a response by July 14, 2023, attached as Exhibit 1. Additionally, Staff spoke with Joe Eastes via telephone on July 24, 2023, and again on October 24, 2023, in which Mr. Eastes acknowledged that Aznorth was in receipt of the Complaint and that a response would be sent right away. Additionally, Staff followed up the October 24, 2023, conversation with an email. As of November 6, 2023, Aznorth has not responded to the June 20, 2023, letter.

VI

As alleged by ONEOK's complaint, on June 13, 2023, Aznorth began an excavation as defined in N.D.C.C. § 49-23-01(7) for a residential septic system at latitude 48.114291, longitude -103.737153. There is no evidence of Aznorth contacting the North Dakota One-Call Notification Center (NDOC) prior to beginning this excavation. During the excavation, Aznorth struck ONEOK's six-inch poly Davidson #1 gas gathering line causing a release. Aznorth notified ONEOK of the strike at 3:15 pm. ONEOK representatives were onsite at 3:29 pm and locked out all wells and closed the block valve to isolate the line by 3:40 pm. Four customers were affected, and the estimated value of the damage was \$18,155.

VIII

On November 2, 2023, Staff contacted the Williston Police Department (Williston PD) located in Williston, North Dakota. Williston PD provides 911 services to Williams County. There is no evidence of Aznorth calling 911 to report the release of natural gas.

IX

Aznorth violated N.D.C.C. § 49-23-04(1) by failing to provide an excavation or location notice before beginning any excavation. Furthermore, Aznorth violated N.D.C.C. § 49-23-06(1)(a)((1)) by failing to call 911 when the damage resulted in the release of flammable gas.

X

The Commission Damage Prevention Plan provides:

D PROPOSED CIVIL PENALTIES:

1. The following criteria must be used by Commission staff to determine if a civil penalty should be proposed when filing a formal complaint:
 - a. The nature, circumstances and severity of the complaint;
 - b. The degree of suspected fault on the part of the respondent;
 - c. The respondent's history of prior violations or complaints;

Answers must be served in the manner allowed for service under the North Dakota Rules of Civil Procedure.

Prayer for Relief

Based on the foregoing, Staff seeks the following relief:

1. The Commission find Aznorth LLC in violation of N.D.C.C. Chapter 49-23 One-Call Excavation Notice System for failing to comply with the one-call requirements enumerated in N.D.C.C. §§ 49-23-04(1) and 49-23-06(1)(a)((1)).
