Hello,

Please see the attached complaint against Wayne Drangsholt. We understand SRT is the primary operator of concern on this one as it lead to a damage on their system, but since Enbridge was also in the area, we are submitting this complaint. Please note that historically Wayne has historically been very cooperative with Enbridge and was very apologetic over this event. He has continued to be very cooperative as we have worked with him regarding our concerns. We do not anticipate that Wayne will be a repeat violator.

Thanks,
Ryan Nelson
