Bismarck, ND 58505-0480

Dear Executive Secretary,

I am responding to the incident that occurred on May 5th, 2023, with North Dakota Pipeline Company, Case Number DM-23-286.

I sincerely apologize for the mistake that I made that has caused trouble with North Dakota Pipeline, North Dakota One Call, and the North Dakota Public Service Commission. In years prior I've called 811 before I would dig anywhere. With my lack of judgement, the area that I was excavating I thought that there was nothing I could hit.

I have learned from my mistake, and I can reassure you that this will never happen again. I will always call 811 before I dig.

Sincerely,

Wayne Drangsholt
