REQUEST FOR BIDS

NORTH DAKOTA DEPARTMENT OF TRANSPORTATION REQUESTS BIDS FOR mechanical and electrical only on construction of a 7,650 square-foot pre-engineered steel equipment storage building and removal of existing equipment storage building at Center, ND. Sealed bids will be received by the North Dakota Department of Transportation (NDDOT) at the NDDOT Building located on the Capitol Grounds at 608 East Boulevard Avenue, Bismarck, North Dakota 58505-0700, until 10:00 A.M. CDT, on Friday, September 29, 2023, room 312, at which time and place they will be publicly opened and read. Bids shall be sealed and endorsed "Sealed Bids for Equipment Storage Building, Center Section".

No bid may be read or considered if it does not fully comply with requirements of North Dakota Century Code Section 48. Any deficient bid submitted will be resealed and returned to the bidder immediately. Late bids will be returned unopened.

Bids shall be submitted on exact copies of the bid form provided in the bid package. Each bid shall be accompanied by a separate envelope containing the contractor's license and bid security, and this envelope shall be attached to the outside of the envelope containing the bid. The bid security must be in a sum equal to five percent of the full amount of the bid including alternates and must be in the form of a bidder's bond. A bidder's bond must be executed by the bidder as principal and by a surety company authorized to do business in North Dakota, conditioned that if the principal's bid is accepted and the contract awarded to the principal, the principal, within 10 days after notice of the award, shall execute a contract in accordance with the terms of the bid and the bid bond as required by law and regulations of the NDDOT. If a successful bidder does not execute a contract within the 10 days allowed, the bidder's bond will be forfeited to the NDDOT.

Bidders must be licensed for the full amount of the bid including alternates as required by North Dakota Century Code Section 43-07-12. Such license must have been in effect at least 10 days prior to the date of the bid opening. NDDOT reserves the right to reject any and all bids. Copies of the bid package may be obtained from Barry Kinnischtzke, P.E., Facilities Engineer, Maintenance Division, North Dakota Department of Transportation, 608 East Boulevard Avenue, Bismarck ND 58505-0700; email bkinnischtzke@nd.gov; telephone (701) 328-4589.

To request accommodations for disabilities and/or language assistance, contact Heather Christianson, Civil Rights Division, NDDOT at 701 328 2978 or civilrights@nd.gov. TTY users may use Relay North Dakota at 711 or 1 800 366 6888 as soon as possible.

Tariff and Rates
NOTICE OF OPPORTUNITY FOR HEARING

On July 25, 2023, Otter Tail Power Company (OTP) filed an application to change its tariff related to the new AMDT. OTP also requested a permanent variance to North Dakota Administrative Code section 69-09-02-10 & 69-09-02-11 relating to the required frequency of meter readings and bill presentation. The issues to consider in this proceeding are:

1. Are the proposed tariff revisions just and reasonable?
2. Do the proposed rates comply with the tariff?
3. Are the proposed rates just and reasonable?
4. Whether the requested variance should be granted?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearing must be received by October 20, 2023. If deemed appropriate, the Commission can determine the matter without a formal hearing. Administrative Tariff Changes in Rate Schedules
Tariff

NOTICE OF OPPORTUNITY FOR HEARING

On August 17, 2023, Otter Tail Power Company (OTP) filed an application for approval to change the Rate Schedules 14.02 and 14.03 to close the rates that are using Real Time Pricing and System Marginal Energy Pricing for new customers. The current software required for these tariffs reaches end of life in 2025 and OTP is selecting new software and would like to avoid causing confusion to new customers that might result from methodology changes in this process. The tariff revisions would have no impact on the rates for North Dakota customers. The issues to be considered in this matter are:

1. Whether the proposed tariff changes are reasonable, and
2. Whether the tariff changes should be approved.

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. AMDT Cost Recovery 2024
Rates

NOTICE OF OPPORTUNITY FOR HEARING

On August 1, 2023, Otter Tail Power Company (OTP) filed a request for approval of its Advanced Metering and Distribution Technology Cost Recovery Rider (AMDT Rider) Rate for 2024. The purpose of the AMDT Rider is to recover the costs associated with advanced metering infrastructure, demand response, and the outage management system not presently reflected in retail rates from OTP North Dakota customers. OTP proposes to recover approximately \$1,343,206 during the recovery period from January 1, 2024, through December 31, 2024, through a per meter charge for each customer class. The proposed residential rate will decrease from \$1.71 per meter per month to \$0.76 and the Large General Service rate will decrease from \$71.76 per meter per month to \$21.80.

The issues to be considered in this proceeding are:

1. Do the investments and associated costs qualify for recovery?
2. Whether the rate adjustments are consistent with the terms of OTP's tariff?
3. Are the proposed rates just and reasonable?

Those interested are invited to comment on the application in writing. FOR HEARING:
On August 7, 2023, Otter Tail Power Company (OTP) filed an application for approval to change the Rate Schedules 14.02 and 14.03 to use the rates that are using Real Time Pricing and require the use of smart meters for new customers. The current software system requires that smart meters end of life in 2025 and OTP is selecting new software and would like to avoid causing confusion to new customers that might result from methodology changes. This process of tariff revisions would have no impact on the rates for North Dakota customers.

The issues to be considered in this matter are:
1. Whether the proposed tariff changes are reasonable, and
2. Whether the tariff changes should be approved.

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request with the Commission no later than October 20, 2023. If deemed appropriate, the Commission can determine the matter without a formal hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400, or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission no later than October 20, 2023.

STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION

On August 1, 2023, Otter Tail Power Company (OTP) filed an application for approval of its Advanced Metering and Distribution Technology Cost Recovery Rider (AMTR) Rider Rate for 2024. The purpose of the AMTR Rider is to recover the costs associated with advanced metering infrastructure, demand response, and the outage management system not presently reflected in retail rates from OTP North Dakota customers.

The issues to be considered in this proceeding are:
1. Do the investments and associated costs qualify for recovery?
2. Whether the rate adjustments are consistent with the terms of the rider?

2. Are the proposed rates just and reasonable?
Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request with the Commission no later than October 20, 2023. If deemed appropriate, the Commission can determine the matter without a formal hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400, or Relay North Dakota 1-800-366-6888 TTY. GENERAL
DITCH MOWING NOTICE
The Grand Forks County Weed Control Board, at the direction of the Grand Forks County Commission, has determined that the control of noxious weeds along all township roads has become a serious problem. Accordingly, pursuant to Grand Forks County ordinance & North Dakota state law, all township roadside ditches must be mowed by adjacent owners/and or operators to a height of no higher than 10 inches and width of 14 feet, by Oct. 1, 2023. Owners and or operators are asked to assure the safety of the mower. Please don't sacrifice safety for width of mowing swath. All township roadside ditches not mowed by owners and/or operators by Oct. 1, 2023, will be mowed by the GF County Weed Board and the cost will be assessed to the owner's property taxes.
Thank you.

Administrative Tariff Changes in Rate Schedules
Tariff
NOTICE OF OPPORTUNITY FOR HEARING

On August 17, 2023, Otter Tail Power Company (OTP) filed an application for approval to change the Rate Schedules 14.02 and 14.03 to close the rates that are using Real Time Pricing and System Marginal Energy Pricing for new customers. The current software required for these tariffs reaches end of life in 2025 and OTP is selecting new software and would like to avoid causing confusion to new customers that might result from methodology changes in this process. The tariff revisions would have no impact on the rates for North Dakota customers.
The issues to be considered in this matter are:
1. Whether the proposed tariff changes are reasonable, and
2. Whether the tariff changes should be approved.
Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearings must be received by October 16, 2023. If deemed appropriate, the Commission can determine the matter without a formal hearing.

AMDT Cost Recovery 2024 Rates
NOTICE OF OPPORTUNITY FOR HEARING

On August 1, 2023, Otter Tail Power Company (OTP) filed a request for approval of its Advanced Metering and Distribution Technology Cost Recovery Rider (AMDT Rider) Rate for 2024. The purpose of the AMDT Rider is to recover the costs associated with advanced metering infrastructure, demand response, and the outage management system not presently reflected in retail rates from OTP North Dakota customers. OTP proposes to recover approximately \$1,343,206 during the recovery period from January 1, 2024, through December 31, 2024, through a per meter charge for each customer class. The proposed residential rate will decrease from \$1.71 per meter per month to \$0.76 and the Large General Service rate will decrease from \$71.76 per meter per month to \$21.80. The issues to be considered in this proceeding are:
1. Do the investments and associated costs qualify for recovery?
2. Whether the rate adjustments are consistent with the terms of OTP's tariff?
3. Are the proposed rates just and reasonable?

PUBLIC NOTICE GENERAL

Official Proceedings of the Stutsman County Commission—August 1, 2023 At 2:00 p.m., Chairman Klose called the special meeting of the Stutsman County Commission to order. Jerry Bergquist, Chad Wolsky, Joan Morris, and Mark Klose answered the roll call. Steve Cichos was absent. The Pledge of Allegiance was recited. The first and only agenda item was the continued discussion of the 2024 budget.

The Preliminary Budget is due August 10, 2023, and the Final Budget is due October 10, 2023. Budget requests cannot be increased after the preliminary budget has been decided, only decreased.

Katie Hemmer, Jamestown Regional Airport Director, discussed the \$275,000 loan previously requested, in addition to raising the airports levy to pay back the loan. There was discussion to leave the preliminary budget as is, with the loan and levy request, but exploring other options of financing before the final budget is due. The loan will be used for the local 5% match required for federal grants, if the loan is not given to the airport, the additional levy will still be needed. If approved, the airport levy request will still be under the 4-mill cap, keeping their request around 1 mill. If the county is unable to supply the loan, the mill levy would need to be increased based on interest rates to supplement the interest on the loan. Previously, the airport has been able to secure loans from North Dakota Public Finance Authority, the Industrial Commission have kept loans in-house with a 2%-3% interest rate. Using a traditional financial institution with a flex-paced interest buy-down is the airports' least attractive option but is still being considered. The additional million dollars in bill grants that the airport is eligible for now has a 5% match, so the airport's request is that they have an inability to match that for the 5 years that the grant exists. The reason for the airports large 5% match is because they qualified for additional discretionary grants which allowed them to use \$1 million of entitlement from the airport improvement program which the airport has received annually since achieving their 10,000 passenger boardings. The airport has also received new funding of \$1 million for an additional 5 years with the bipartisan infrastructure law. The airport has a one-time discretionary grant for everything beyond the \$2 million previously discussed, which is what they need the loan from the county for. Morris questioned the reserves the airport currently has and asked if there was any interest from the airport to help with the loan repayment. Hemmer stated it would be a possibility, however the airport is looking to maintain those reserves at a 25% operating budget for security. Hemmer also stated that there is vulnerability in air service and that a lot of the revenue that comes into the airport is from the airline's landing and office fees, which is why it's important for them to maintain their reserves. The \$275,000 loan was a request for

PUBLIC NOTICE GENERAL

repayment over 10 years, and the bipartisan infrastructure law request was a 5-year request, unless there was some form of renewal or amendment on the grants. If accepted, the airport mill levy would raise from .78 to 1.59 mills which would include the \$27,500 repayment for the annual payment. The \$275,000 loan has been budgeted for in the preliminary budget within the revolving loan fund as an expense. A motion to approve the preliminary increase to 1.59 mills was made by Wolsky, seconded by Bergquist. Roll call vote: Bergquist, Wolsky, Morris, and Klose voted aye. Motion carried. Ron Manson, Weed Control Officer, stated that in order to qualify for state grants their mill levy needs to have a budgeted mill levy of at least 3 mills. Manson discussed some of the chemical cost increases within his department. In 2020 the department ordered 500 gallons of AquaNeat Herbicide at \$15.10 per gallon, last year Manson made the same order for \$52.07 per gallon. The average price of a Torton Truck increased from \$42,000 to \$51,000, Freelex Herbicide increased from \$20 to \$30, and E2 Herbicide increased from \$42 to \$65. Manson stated that this season he has put \$82,430 on chemical on the ground, which does not include fall or spring. Last year \$50,000 was added to the budget to purchase extra chemical, and at the last board meeting Manson requested an additional \$40,000. Manson stated that gravel pits will be done this year and were skipped last year due to costs. This year, Manson has put approximately \$9,000 in chemical on gravel pits. Manson stated there is approximately \$20,000 worth of park board spraying right now. Wolsky inquired about where Manson is ordering chemicals from, Manson stated that he puts it out to bid every year and that he ordered from Nutrient. This year Manson has budgeted \$110,000 for chemicals even though last year he spent \$120,000. Manson stated that this is due to the left-over inventory that was able to be utilized for this year. Manson added that the amount he can spray strongly depends on the staffing he is able to acquire. Jessica Alonge, Auditor/COO stated that she has been in contact with Cory Shevlin, JSDC CEO to discuss the preliminary budget. Alonge stated that there are payments that have been allocated that have not been paid out yet, such as the ADM Pitt. Alonge recommended keeping their request at 4 mills for the preliminary budget. Klose inquired about how much of the estimated ending balances are coming out of fund balances, and how the ending balance was calculated. Alonge stated that with everything calculated the max reserve amounts will remain intact at 75%. For the general fund there is a total appropriation of \$12.5 million with \$8.3 million being kept in reserves. Projected ending fund balances for 2023 are, \$6.5 million in the general fund, with the expectation of \$12.6 million in revenue and \$12 million in expenses, the projected ending balance is \$7.2 million. There are also multiple departments with open positions, so the unspent salaries would also reduce some of those expenses. The Road and Bridge fund is at their max of 10 mills, the Highway Aid Fund Balance has been used due to projected revenues decreasing each

year. Some funds from the Prairie Dog Fund will help supplement the Road and Bridge Fund in the 2023 and 2024 budgets, while also maintaining a county policy of 20-25% reserves. Bergquist inquired about goals for the preliminary budget, and if the salary recommendation was within median range. Shannon Davis, HR Director, stated that benefits within the county currently fall in the median range and that wages have always been kept at a midpoint in the market because of the benefit package. Bergquist asked about the comparison of job descriptions and where those positions are on the pay scale. Davis compared the 2019 salary survey data with the current 2023 data of comparable job descriptions among the state, counties, and city, however, there has been some major changes in the market for some comparable positions, so we are already out of line even with the recommended changes. When looking at positions that needed to be adjusted, Davis considered where certain positions are in the current pay scale, market minimums and maximums, and plugging them in depending on certifications, classifications, job duties, job descriptions, degrees, etc. Bergquist recommended not adjusting Davis's wage plan for 2024 as to not create future issues and to allow this to be a starting point. Klose discussed mill levies with the proposed budget. The proposed mill levy for the county is 86.04, the current levy is 74.81, making the net amount 11.23 mills. Alonge stated that the preliminary mill levy has not been decreased but we did receive final estimates for the WSI Premium and it will be a 17% increase, which had previously been budgeted as a 42% increase. Final numbers for health insurance increases have not yet been received, so those were left in at 15% increase. Bergquist suggested a phase-in implementation for the budget applying 50% in January and 50% in July to help reduce the outright expenditure, but still getting the budget where it needs to be by the end of the year. Wolsky asked if the implementation of the 5% increase would bring salaries to market value. Davis informed the board that even with the increase Stutsman County would still be under market value, and this is a starting point for wages. Davis stated that there would be several areas that would need future adjustments. Klose asked about a specific department where one individual would increase from the middle of the pay scale to number two in the state. Davis informed the board that the information obtained from NDACO is used as a tool but is not the final recommendation. NDACO reports year-to-date expenses so depending on what they budgeted for and what has been spent year-to-date, it helped Davis and Alonge get an idea of where people would be for years of service while also pulling minimums and maximums. Davis and Alonge's goal was not to look at a county-to-county comparison, but rather to look at the starting and ending pay range for specific positions. Where the scale tops out at is the information that is not provided on NDACO. Davis based a lot of the research on 2019 data when the pay scale should have been adjusted but was not. Davis stated that when doing the salary report, the points used for comparison were salary surveys, the minimum and maximum pay, the starting pay, the mid-range pay, the ending pay, how long current employees have been with the county, and where they are currently at in their steps. Bergquist asked about health insurance costs, NDPHIT does not currently have exact dollar amount. Davis is waiting on plan design changes, but increases are looking to be at what the board expected. NDPHIT has plans to meet with counties individually throughout the month of August to discuss what plan designs could look like moving forward. Bergquist asked about any capital budget issues, Alonge responded that there are none up to this point. The mill levy is funding capital projects and the total 2024 property tax collection needed to fund the capital budget is \$1.5 million. Bergquist asked how the motions are to be made going forward. Klose stated that one motion to adopt the 2024 Stutsman county prelim budget would suffice. Ideally, the motion would be a motion to adopt the preliminary budget as it has been presented. After the preliminary budget is ap-

proved the notices would be sent out, then in October the final budget would be approved and sent out. Bergquist made a motion to approve the 2024 preliminary budget, seconded by Wolsky. Morris has hesitancy because of one specific department going up by \$70,000 in salaries for three individuals, with one individual going up about \$43,000. Davis reiterated that we're not just looking at NDACO survey, and that these numbers are being compared to cities and state as well. Davis stated that this first year will be a lot to take in, but as the years go by it will be easier to keep up with. Roll call vote: Wolsky, Klose, and Bergquist voted aye. Morris voted nay. Motion carried. A motion to set preliminary budget meeting on October 3rd, 2024, at 4:30 p.m. was made by Morris seconded by Bergquist. Motion carried. At 3:14 p.m., Chairman Klose adjourned the special commission meeting.

STUTSMAN COUNTY Pursuant to NDCC 63-05-01. It is the duty of landowners or operators with land adjoining regularly traveled county and township highways, as designated by the township board of supervisors in organized townships, the board of county commissioners in unorganized townships, and the board of county commissioners in the case of county highways, to cut all weeds and grasses along the regularly traveled highways adjoining their lands, including weeds and grasses growing within the public right of way bordering the highways and their lands. The cutting shall be completed not later than . . . October 1, as prescribed by the board of county commissioners. The maximum stubble height shall be 3 inches and the width of cut shall be a minimum of 12 feet on township roads. The roadsides on all county and township roads shall be mowed. NDCC 63-05-02. The use of windrowers or other machinery that deposits cut grass and weeds on the edge of the roadway shall not be permitted. Haying of the grasses within rights of way is permitted, but all stored hay shall be removed by November 1st of each year. Any stored hay remaining on the right of way on November 1st of each year shall be disposed of in a manner deemed proper by the board having jurisdiction over the roadway under consideration. FAILURE TO CUT WEEDS AND GRASSES-EXPENSES LEVIED AS TAXES AGAINST LAND. If the landowner or operator fails to cut the weeds and grasses along the designated highways or roads as provided in this chapter, the board of township supervisors or the board of county commissioners, as the case may be, may cause the weeds and grasses to be cut and the actual expense of cutting shall be certified to the county auditor, all of the excess shall be charged against the land of the landowner and shall become part of the taxes to be levied against the land for the ensuing year and shall be collected in the same manner as other real estate taxes are collected, and placed to the credit of the respective subdivisions entitled thereto. ROADSIDE WEED AND GRASS MOWING NOTICE

STUTSMAN COUNTY Pursuant to NDCC 63-05-01. It is the duty of landowners or operators with land adjoining regularly traveled county and township highways, as designated by the township board of supervisors in organized townships, the board of county commissioners in unorganized townships, and the board of county commissioners in the case of county highways, to cut all weeds and grasses along the regularly traveled highways adjoining their lands, including weeds and grasses growing within the public right of way bordering the highways and their lands. The cutting shall be completed not later than . . . October 1, as prescribed by the board of county commissioners. The maximum stubble height shall be 3 inches and the width of cut shall be a minimum of 12 feet on township roads. The roadsides on all county and township roads shall be mowed. NDCC 63-05-02. The use of windrowers or other machinery that deposits cut grass and weeds on the edge of the roadway shall not be permitted. Haying of the grasses within rights of way is permitted, but all stored hay shall be removed by November 1st of each year. Any stored hay remaining on the right of way on November 1st of each year shall be disposed of in a manner deemed proper by the board having jurisdiction over the roadway under consideration. FAILURE TO CUT WEEDS AND GRASSES-EXPENSES LEVIED AS TAXES AGAINST LAND. If the landowner or operator fails to cut the weeds and grasses along the designated highways or roads as provided in this chapter, the board of township supervisors or the board of county commissioners, as the case may be, may cause the weeds and grasses to be cut and the actual expense of cutting shall be certified to the county auditor, all of the excess shall be charged against the land of the landowner and shall become part of the taxes to be levied against the land for the ensuing year and shall be collected in the same manner as other real estate taxes are collected, and placed to the credit of the respective subdivisions entitled thereto. Otter Tail Power Company Case No. PU-23-283 AMDT Cost Recovery 2024 Rates NOTICE OF OPPORTUNITY FOR HEARING On August 1, 2023, Otter Tail Power Company (OTP) filed a request for approval of its Advanced Metering and Distribution Technology Cost Recovery Rider (AMDT Rider) Rate for 2024. The purpose of the AMDT Rider is to recover the costs associated with advanced metering infrastructure, demand response, and the outage management system not presently reflected in retail rates from OTP North Dakota customers. OTP proposes to recover approximately \$1,343,206 during the recovery period from January 1, 2024, through December 31, 2024, through a per meter charge for each customer class. The proposed residential rate will decrease from \$1.71 per meter per month to \$0.76 and the Large General Service rate will decrease from \$71.76 per meter per month to \$21.80. The issues to be considered in this proceeding are: 1. Do the investments and associated costs qualify for recovery? 2. Whether the rate adjustments are consistent with the terms of OTP's tariff? 3. Are the proposed rates just and reasonable? Those interested are invited to comment on the application in writing. Otter Tail Power Case No. PU-23-290 Administrative Tariff Changes in Rate Schedules Tariff NOTICE OF OPPORTUNITY FOR HEARING On August 17, 2023, Otter Tail Power Company (OTP) filed an application for approval to change the Rate Schedules 14.02 and 14.03 to close the rates that are using Real Time Pricing and System Marginal Energy Pricing for new customers. The current software required for these tariffs reaches end of life in 2025 and OTP is selecting new software and would like to avoid causing confusion to new customers that might result from methodology changes in this process. The tariff revisions would have no impact on the rates for North Dakota customers. The issues to be considered in this matter are: 1. Whether the proposed tariff changes are reasonable, and 2. Whether the tariff changes should be approved. Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Hi-Liner Homecoming celebration kicks off September 18th-22nd

By Paul McDonald, TR News/Sports
TRreporter@times-online.com

Hi-liner Homecoming week is here! Homecoming is always an exciting time during the school year. The week includes themed days for students, Homecoming Royalty, tennis matches, volleyball games, the homecoming football game, and it all culminates with the homecoming dance on Saturday.

Here are the daily festivities for Valley City's Homecoming 2023.

On Monday, the theme is Farmer vs. Fall. The PowderPuff football game will be held Monday night at Hanna

Field at 7 p.m. The junior girls play the senior girls. Admission is \$5 and goes toward 2024 prom.

Tuesday's theme is Celebrity Look-Alike Day. Volleyball plays Red River in the Hi-Liner Activity Center with games starting at 4:30pm and the varsity playing at 7pm. Soccer plays Bismarck Century in Jamestown at 7:30pm.

On Wednesday's We Wear Pink! Don't forget your pink on Wednesday!

Thursday's theme is Underdressed or Overdressed Day. The Volleyball team plays Shanley in the Hi-Liner

Activity Center starting at 4:30pm with the varsity playing at 7pm. Boys Tennis plays Fargo Davies at the North Courts at 4:00pm. The Girls Swim team will compete against Bismarck High School in Jamestown at 5:00pm.

On Friday the theme is Blue and White Day! The Pep Rally begins at 2:00pm, where the Homecoming Queen and King will be crowned. The Parade will be going down Central Ave beginning at 4:00pm. Hi-liner football will be going head-to-head against West Fargo Horace at 7:00pm. Tailgating begins at 5:00pm, where

the VC Education Association will be serving burgers, brats, chips, bars, and water for a free will donation.

Saturday morning, the Cross Country team will be hosting the Blue and White Bill Jansen Memorial Meet at Bjornson Municipal Golf Course beginning with the Elementary Mile at 10:30am, followed by the JV and Varsity races at 11:00am. The homecoming week culminates with the Homecoming Dance Saturday night from 8-11p.m. at the Hi-Liner Activity Center. There is a \$5 admission fee and snacks will be available for \$1 each. Have fun this week, Hi-Liners!

TR 2023 Best of the Best Contest voting begins

By TR Staff
trpub@times-online.com

The Times-Record is excited to announce the second phase of our 2023 Best of the Best Awards, a year long celebration of Barnes County businesses.

Our new digital contest format for 2023 has just finished and closed the

first phase of nominations with voting phase now open and underway.

During this phase, readers can vote, once per day, for all of their favorite Barnes County businesses in various categories and subcategories by scanning the QR code on the top of

page 1 or by visiting <https://www.times-online.com/bestof2023/>.

The voting period will continue until 11:59 p.m. on Friday, September 29. Not online, not a problem, the Times-Record wants to hear your vote as well. On page 11 of today's Times-Record weekend edition (Sept.

15-17) you will find a manual fill in form that readers are encouraged to fill in and drop off at the TR office, 146 3rd St NE in Valley City, by Thursday, September 28th, 3:30 p.m.

Winners will be announced in The Times-Record and will be part of the digital directory

of Barnes County businesses found on our site, www.times-online.com

The Times-Record asks all to support all of the businesses that

make Valley City and all of Barnes County great places to live, work and play.

Please note this contest only includes Barnes County businesses.

Child passenger safety technicians to share

Special to Times-Record
BISMARCK, ND - Car crashes are one of the leading causes of death to children in North Dakota and nationwide. In the last five years, 30 North Dakota children were killed due to motor vehicle crashes. Of those children, 30% were unrestrained. Children who are unrestrained or restrained incorrectly are at much higher risk.

During National Child Passenger Safety Week, Sept. 17-23, North Dakota Health and Human Services (HHS), in partnership with Vision Zero, would like to remind caregivers with young children that local certified child passenger safety technicians are available to support them in doing the best they can to protect children before a crash occurs.

There are about 300 technicians in the state serving both rural and urban areas. These certified child passenger safety technicians can assist caregivers with choosing the correct car seat for their child's age and size. They can also check to see if a seat is certified for safety and installed in the vehicle correctly, and if the child is secured correctly in the seat. These services are offered statewide to reduce injury to children because one death is too many.

Risk factors for child passengers:

- 65% of child car seats checked in North Dakota had some form of misuse.
- Restraint use typically decreases as children get older.

STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION
Otter Tail Power Company
Case No. PU-23-283
AMDT Cost Recovery 2024
Rates
NOTICE OF OPPORTUNITY FOR HEARING
On August 1, 2023, Otter Tail Power Company (OTP) filed a request for approval of its Advanced Metering and Distribution Technology Cost Recovery Rider (AMDT Rider) Rate for 2024. The purpose of the AMDT Rider is to recover the costs associated with advanced metering infrastructure, demand response, and the outage management system not presently reflected in retail rates from OTP North Dakota customers. OTP proposes to recover approximately \$1,343,206 during the recovery period from January 1, 2024, through December 31, 2024, through a per meter charge for each customer class. The proposed residential rate will decrease from \$1.71 per meter per month to \$0.76 and the Large General Service rate will decrease from \$71.76 per meter per month to \$21.80.

The issues to be considered in this proceeding are:

1. Do the investments and associated costs qualify for recovery?
2. Whether the rate adjustments are consistent with the terms of OTP's tariff?
3. Are the proposed rates just and reasonable?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearings must be received by October 20, 2023. If deemed appropriate, the Commission can determine the matter without a formal hearing.

Terracom Inc.
Case No. PU-23-291
Designated Eligible Carrier Application
NOTICE OF OPPORTUNITY FOR HEARING
On August 22, 2023, Terracom Inc. (Terracom) filed an application for designation as an eligible telecommunications carrier (ETC) for the purpose of receiving federal universal service support for low-income consumers under 47 CFR Part 54 Subpart E. Such designation is also known as Lifeline-only ETC designation. Terracom proposes to provide wireless prepaid Lifeline universal services to qualifying low-income North Dakota customers by reselling another carrier's facilities. The issues to be considered in this proceeding are:

1. Is the applicant qualified under the Telecommunications Act of 1996, Section 214(e) for designation as an ETC eligible to receive federal universal service funding?
2. What ETC universal service support area should be designated?
3. Is designation of the applicant as an ETC in the public interest?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Administrative Tariff Changes in Rate Schedules
Tariff
NOTICE OF OPPORTUNITY FOR HEARING
On August 17, 2023, Otter Tail Power Company (OTP) filed an application for approval to change the Rate Schedules 14.02 and 14.03 to close the rates that are using Real Time Pricing and System Marginal Energy Pricing for new customers. The current software required for these tariffs reaches end of life in 2025 and OTP is selecting new software and would like to avoid causing confusion to new customers that might result from methodology changes in this process. The tariff revisions would have no impact on the rates for North Dakota customers. The issues to be considered in this matter are:

1. Whether the proposed tariff changes are reasonable, and
2. Whether the tariff changes should be approved.

Those interested are invited to comment on the application in writing. Administrative Tariff Changes in Rate Schedules

NOTICE OF OPPORTUNITY FOR HEARING

On August 17, 2023, Otter Tail Power Company (OTP) filed an application for approval to change the Rate Schedules 14.02 and 14.03 to close the rates that are using Real Time Pricing and System Marginal Energy Pricing for new customers. The current software required for these tariffs reaches end of life in 2025 and OTP is selecting new software and would like to avoid causing confusion to new customers that might result from methodology changes in this process. The tariff revisions would have no impact on the rates for North Dakota customers.
