To whom it may concern

Hi ,concerning the file complaint against Forest River Colony I would like to explain our side of the story . We were demoing a building forty feet to the north of the Enbridge pipe line and wernt excavating close to there pipe line . We were turning around in the dirt with our excavator close to there line so according to Enbridge they call that mechanical excavation which would need a gopher one call . So we weren't aware of that but yes in the future if any work is going to be done above ground or below ground by the pipe line we will be sure to do a gopher one call. Let me know if you need anything more from me .thanks

Daivd,

Thank you for your call this afternoon. Please feel free to email me Forest River Colony and Salvage's response to the 811 Damage Prevention complaint filed with the PSC by Enbridge.

Let me know if you have any questions.
