Northern States Power Company  
Transmission Facility Cost Recovery (2024)  
Rates

Case No. PU-23-315

**NOTICE OF OPPORTUNITY FOR HEARING**

On September 27, 2023, Northern States Power Company (NSP) filed an annual update under its Transmission Cost Rider Rate Adjustment (TCRR) tariff. The proposed rate for 2024 includes the costs for two new transmission projects, updated costs for previously approved projects, and updated Midcontinent Independent System Operator and Southwest Power Pool revenues and expenses, and a true-up amount from the current rate. The increase for a residential customer using 750 kWh per month would be \$0.43 per month. The issues to be considered in this proceeding are:

1. Whether the proposed rate adjustment complies with NSP's tariff,
2. Whether the incurred costs for new or modified electric transmission facilities are reasonable and prudent, and
3. Whether the incurred costs are eligible for recovery through the TCRR.

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearing must be received by November 22, 2023.** If deemed appropriate, the Commission can determine the matter without a hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission.
