

STATE OF NORTH DAKOTA  
PUBLIC SERVICE COMMISSION

Northern States Power Company  
Saver Switch Tariff Modifications  
Tariff

Case No. PU-23-337

NOTICE OF OPPORTUNITY FOR HEARING

On October 27, 2023, Northern States Power Company (NSP) filed an application for approval of modifications to the Residential Controlled Air Conditioning and Water Heating Rider and the Commercial and Industrial Controlled Air Conditioning Rider. NSP is proposing to increase the maximum amount of load that can be controlled by cycling a participant's air conditioning during a demand event to achieve a 60% load reduction in the building's air conditioning requirements up from a 50% reduction. In addition, during a NERC Level 2 system emergency, NSP proposes to cycle up to an 80% reduction. Such interruptions will be made to occur up to a maximum of 300 hours per calendar year.

The issues to be considered in this proceeding are:

1. Whether the proposed tariff changes are reasonable, and
2. Whether the tariff changes should be approved.

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearings must be received by January 10, 2024.** If deemed appropriate, the Commission can determine the matter without a formal hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission.

Issued: November 29, 2023
