Montana-Dakota Utilities Co.
Renewable Resource Cost Recovery
Rates

Case No. PU-23-340

NOTICE OF OPPORTUNITY FOR HEARING

On October 31, 2023, Montana-Dakota Utilities Co. (MDU) filed a change to its Renewable Resource Cost Adjustment (RRCA) rates. The new rates reflect projected costs through December 31, 2024, related to its investment in the Thunder Spirit, Cedar Hills, and Diamond Willow Wind Projects, and reflect a projected under-collected balance of the current RRCA as of December 31, 2023.

The effect of the rate change on the bill for a residential customer using 800 kWh is an increase of \$1.30 per month.

The issues to consider in this proceeding are:

1. Whether the investment and associated costs for the resources qualify for recovery,
2. Whether the incurred costs are reasonable and prudent, and
3. Whether the rate adjustments are consistent with the terms of MDU's tariff?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearing must be received by January 8, 2024.** If deemed appropriate, the Commission can determine the matter without a formal hearing.
