RE: Response to Compliance Filing  
Otter Tail Power Company  
2023 Electric Rate Increase  
Application  
Case No. PU-23-342

On February 7, 2025, Otter Tail Power Company (OTP) filed tariffs, rates and supporting workpapers in compliance with the commission's Order dated December 30, 2024.

On February 20, 2025, OTP filed an amendment to the February 7, 2025, filing, which corrected the Large General Service Primary and Secondary rates on tariff sheet Section 10.04.

The planned effective date for final rates is March 15, 2025.

Staff has reviewed both filings to ensure that the new tariffs and rates will increase revenues by \$13.1 M in compliance with the settlement agreement and Commission Order, and that changes in the tariff language are reasonable and appropriate. Staff believes that OTP's filings comply with the Commission's Order and settlement agreement.
