Kayla,

I have attached the letter that we discussed yesterday that pertains to the tree removal compensation within the easement for R-8571 & R-8572 as part of our Round-up to Kummer Ridge transmission line project.

Please let me know if you have any questions or need additional information.

Thanks!

Jerry,

Please forward the information regarding the tree removal mitigation/payment discussed today. It looks like DTL will be able to make a determination based on aerial imagery.

Thank you!
