## **One-Call Complaint – Public Service Commission**

**Complainant – Montana Dakota Utilities (MDU)**

**Respondent – Industrial Builders, Inc.**

**Date and Time of Event – 10/12/2023 10:00 AM**

**Location – 410 D St S, Glen Ullin, ND 58631-7136**

**One-Call Ticket Number – 23132579**

### **Description of the alleged violation/concern.**

On 10/12/23 Industrial Builders, Inc. reported a hit gas line on D St Between Elm Ave and Hwy 49, Glen Ullin, ND. Gas was blowing. MDU First Responder found that the service line at 410 D St S, Glen Ullin, ND was caught by Industrial Builders, Inc. milling machine. MDU Crew repaired. Brad Ketterling with Industrial Builders, Inc. was the equipment operator. Mr. Ketterling was told at that time to verify depth of all crossings by MDU personnel.

This was the first incident with Industrial Builders, Inc. in a 2-day timeframe. Industrial Builders, Inc. also hit a ¾" plastic service line at 204 G St S, Glen Ullin, ND (filed in a separate complaint) on 10/14/23.

Toby Gross, Manager, District Operations, MDU, visited with Industrial Builders, Inc. when they received invoice #53119 dated 11/03/23 for \$1,293.59 (please see attached.) Toby Gross told Industrial Builders, Inc. they are responsible for payment, but at that time Industrial Builders, Inc. stated "they have dealt with this before and do not believe they need to pay since they were only doing road work."

Industrial Builders, Inc. dug prior to verifying marks by test hole (pothole).

In both instances, when asked of the work description depth on the locate ticket, Industrial Builders, Inc. indicated the depth would be 5FT.

MDU does not guarantee the depth of their facilities due to changes in grade or erosion.

MDU received correspondence dated 11/27/23 from Industrial Builders, Inc.. Please see attached correspondence for Industrial Builders, Inc. response to payment of invoice #53119.

RE: Invoice #'s 53118 & 53119

Dear MDU,

Industrial Builders, Inc. is being invoiced for repairs on two gas lines in the City of Glen Ullin, ND that were hit on 10-12-23. Industrial Builders, Inc. will not be paying these invoices as the work being completed was normal maintenance of a city street which did not change the original grade of the road and which did not involve work in the road ditch. According to the One-Call Excavation Notice System, Chapter 49-23-01, part 7d, this work is not considered "Excavation".

The plan detail below shows the work that was being performed and verifies that the original grade did not change. Industrial Builder's, Inc. was responsible for completing the 12" Cement Stabilized Base. The cut lines were buried less than 12" deep from the bottom of an asphalt paved street.

We encourage you to bring the matter before the ND Public Service Commission and the One Call Board of Directors.

Please contact me with any questions or concerns at 701-282-4977.

Sincerely,

  
Brian Meyer, Sr. Project Manager  
Industrial Builders, Inc.
