Dear Ms. Hall:

The application for Renewal No. 8 to Permit BNCR-8202 at the Center Mine has been deemed complete. However, two address errors were noted within the Notice of Publication for Renewal No. 8. The address for the Public Service Commission in the middle of the second paragraph of the Notice of Publication is missing "Avenue", and the address for the Public Service Commission at the end of the second paragraph is missing "Dept. 408". The Reclamation Division does not want to delay the renewal publication, so please review and update the Notice of Publication to ensure these two address errors are corrected. Once BNI Coal, Ltd. corrects these address errors, publication of the renewal notice may begin. Please provide us with the dates of publication as soon as they are known. As required by NDCC 38-14.1-18, please submit the affidavits of publication when complete.

If you have any questions, please contact this office.

Sincerely,

Jonathan Emmer
Director
Reclamation Division
