Subject: ND PSC: Revision 29 to Permit NACT-0201 (Freedom Mine) - Email 1 of 2
Attachments: [Rev29_3-1-3-ALL_PLFM.pdf](#)

Per our conversation, I have attached Section 3.1.1 (Pit Layout and Facilities Map) and Section 4.1.2 (Post-Mining Topography and Land Use Map) from pending Revision 29 to NACT-0201. Additionally, the storage of CO₂ in the pore space is regulated by the Oil and Gas Division of North Dakota's Industrial Commission. The Oil and Gas Division's general phone number is 701-328-8020 and they should be able to answer your questions related to pore space or direct you to the appropriate person.

I will be sending you two emails since the maps might be too large for your email account. If you have any questions, feel free to reach out.
