RE: Revision 29 to Permit NACT-0201

Dear Mr. Emmer:

The North Dakota Department of Environmental Quality, Division of Water Quality reviewed Coteau Properties Company's application for revision number 29 to Surface Coal Mining Permit NACT-0201. We have no objections to the revision which proposes changes to the post mining topography in Mine Area 3, the post-mining surface water probable hydrologic consequences, and adjusts the post-mining land use in the N1/2 of Section 15, T145, R88W.

At this time, the Division of Water Quality has no further comments regarding this revision.

Sincerely,

Dallas Grossman
Environmental Engineer
Division of Water Quality
