

PROJECT CORRIDOR DESCRIPTION

Proposed Pipeline: The Project Corridor requested for the Proposed Pipeline is a 200-foot-wide area with 100-feet on either side of the pipeline centerline. The Proposed Pipeline will commence at the existing Thunder Butte Petroleum Services Facility at 37685 247th Avenue Southwest in Makoti, North Dakota, 58756 in Section 19, Township 152 North, Range 87 West (Latitude 47.974722, Longitude -101.869167) in Ward County, North Dakota on the Fort Berthold Reservation. The Proposed Pipeline Project Corridor will terminate at the interconnection with the Existing Pipeline in Section 2, Township 152 North, Range 88 West, southeast of Plaza, North Dakota. The Proposed Pipeline will be located within portions of Sections 2, 11, and 14 of Township 152 North, Range 88 West and Sections 18 and 19 of Township 152 North, Range 87 West in Ward and Mountrail Counties, North Dakota.

Existing Pipeline: The Existing Pipeline has a pre-existing 30 foot wide right of way centered on the Existing Pipeline commencing in Section 2, Township 152 North, Range 88 West, southeast of Plaza, Mountrail County, North Dakota. The Existing Pipeline terminates at the Existing Stanley Storage Facility in Section 27, Township 156 North, Range 91 West in Stanley, North Dakota. The Project Corridor requested for the Existing Pipeline is a 50-foot-wide area. The 50-foot-wide corridor will be the existing 30-foot right of way with 10-foot on each side of the right of way for future maintenance or repairs if needed.

Midline Pump Station: The Midline Pump Station corridor requested is a 2-acre area immediately adjacent to the Existing Pipeline 30-foot wide right of way in Section 1, Township 153 North, Range 89 West, Mountrail County, North Dakota.
