Subject: RE: Leonardite Products\Permits\0501\Bond Release\Bond Release 2

Miro,

Your question revealed that there is an error in the letters to surface owners (Attachment IVa) and government agencies (Attachment IVb) that would cause some confusion to the recipients. This issue lies at the end of the first sentence, last paragraph of the letters, where it states the recipients have “within 30 days after receipt of this letter.” This is incorrect per NDCC 38-14.1-17(2) which stipulates that any person having a valid legal interest has within thirty days after the last publication of the notice to respond accordingly.

To correct this error, please amend the ending of the first sentence, last paragraph of the letters within Attachments IVa and IVb to read: “within 30 days after the last publication of the legal advertisement.”

Once these corrections are made, please resubmit Attachments IVa and IVb to the Reclamation Division. When we confirm these corrections, you may begin mailing the letters.

We apologize for not catching this earlier.

Regards,

Brandon Myran
Environmental Engineer
NDPSC - Reclamation Division

Thank you Brandon,

We are planning on starting to send out letters early next week (Monday, June 3rd). Can we have the public notice go out around the same time as the letters to landowners?

Miro,

Your submittal has been received. You may proceed with mailing out the letters and advertising a public notice. Please inform us of the dates when the notice will be published.

Good morning all,

Attached is the clean copy of Bond Release #2 application with corrections made. Please advise when received and for us to start the process of mailing out letters to landowners and do public notice. The hard copy will be mailed out today.

Thank you,

Miroslav Zvyagelskiy

Received.

Quick question, can I just do these quick edits on the latest copy you received and resubmit via email, or would you like me to have the application re-notarized and mail you a hard copy?
