<p>Comments:</p> <p>We have given the REC a heads up on this project, but do not know if they intend to protest or not. They are significantly farther away with their facilities to service single phase power to customer.</p> <p>MDU will be required to install ~150' of UG 1 phase primary (Estimated Customer Contribution = \$7,694 split between two customers)</p> <p>KEM would be required to install ~7,250' of 1 phase primary</p> <p>This project will tie to the project on Tract 27-8 as well (Tim Lauters).</p>
