

April 12, 2024

Mr. Steve Kahl, Executive Secretary
North Dakota Public Service Commission
State Capitol
600 East Boulevard Avenue, 12th Floor
Bismarck, ND 58505-0480

**Re: Consolidated Communications Networks, Inc. (“CCNI”)
Application for Expanded Designation as an Eligible
Telecommunications Carrier**

Dear Mr. Kahl,

On behalf of CCNI, we have attached via electronic mail for filing the Application for Expanded Designation as an Eligible Telecommunications Carrier pursuant to the Federal Communications Commission (“FCC”) and North Dakota Public Service Commission (“NDPSC”) requirements (“Application”). CCNI has also mailed the original and seven (7) copies to NDPSC at the address listed above. CCNI seeks expanded Lifeline-only ETC designation in the State of North Dakota in all census blocks listed and shown at Exhibit A and Exhibit B.

CCNI satisfies all the statutory and regulatory requirements for expanded designation as an ETC in the requested service areas. As explained in the Application, the public interest would be served by granting this petition. Please contact me at (703) 851-6777 or jackie.mccarthy@jsitel.com with any questions regarding the enclosed.

Sincerely,

Jackie McCarthy
State Policy Lead

Enclosure(s)

**State of North Dakota
PUBLIC SERVICE COMMISSION**

Consolidated Communications Networks, Inc.)

Application for Expanded Designation as an) Case No. PU ____ - _____
Eligible Telecommunications Carrier For The)
Purpose of Receiving Lifeline-only Federal)
Universal Service Support)

**CONSOLIDATED COMMUNICATIONS NETWORKS, INC.
APPLICATION FOR EXPANDED DESIGNATION AS AN ELIGIBLE
TELECOMMUNICATIONS CARRIER**

Consolidated Communications Networks, Inc. (“CCNI”) is a rural, Competitive Local Exchange Carrier (“CLEC”) headquartered in Dickinson, North Dakota, and an Eligible Telecommunications Carrier (“ETC”) in portions of its North Dakota CLEC area since March 5, 2015. CCNI makes this application to the North Dakota Public Service Commission (“NDPSC”) to expand its designated ETC service area to provide Lifeline service in the census blocks listed in Exhibit A and Exhibit B. CCNI is an ETC in good standing and has filed the annual ETC certification since receiving ETC status. This application is made pursuant to N.D.C.C. § 49-21-01.7(12), N.D.A.C. §§ 69-09-05-12 and 69-09.05-12.1, and the rules and regulations of the NDPSC.

By the facts and law provided herein, CCNI satisfies all the statutory and regulatory requirements for designation as an ETC in the requested designated service area. As explained herein, the public interest would be served by

granting this petition.

I. Company Background

CCNI was founded in 1997 and provides service in the following exchanges in North Dakota: Dickinson and Belfield. CCNI is a leading-edge communications provider offering broadband and voice services. CCNI serves over 10,000 customers across western North Dakota. It is a facilities-based provider using both coax and fiber in its network. CCNI uses its own existing facilities to provide broadband and voice services today throughout the requested ETC territory.

All inquiries concerning this application should be made to:

Jackie McCarthy
State Policy Lead
JSI
6404 Ivy Lane, Suite 700
Greenbelt, MD 20770
(703) 851-6777
jackie.mccarthy@jsitel.com

CCNI's name, address, telephone number and officer authorizing this filing are:

Consolidated Communications Networks, Inc.
Bryan W. Personne
Chief Executive Officer/General Manager
507 South Main Avenue
P.O. Box 1408
Dickinson, ND 58602-1408
(701) 483-4000

Upon designation as an ETC, CCNI will be able to offer Lifeline to qualified low- income consumers through the proposed ETC service area.

II. Authority for Designation of an ETC

Title 47 U.S.C. § 214(e)(2) of the Communications Act of 1934 (“the Act”) provides that, upon request, a state commission shall designate a common carrier as an ETC for a service area designated by the state commission. Title 47 U.S.C. § 214(e)(1) provides that an ETC shall be eligible to receive universal service support in accordance with Section 254 of the Act and shall, in the service area for which the designation is received, offer the services that are supported by federal universal service support mechanisms under Section 254(c), either using its own facilities or a combination of its own facilities and resale of another carrier’s services, and shall advertise the availability of such services and their costs using media of general distribution. The Federal Communications Commission (“FCC”) has promulgated a list of the services or functionalities that shall be supported by federal universal service support mechanisms at 47 C.F.R. § 54.101. Further, this application is submitted consistent with N.D.C.C. § 49-21-01.7(12) and N.D.A.C. § 69-09-05-12.

III. CCNI Will Offer Required Services

Pursuant to 47 U.S.C. § 214(e)(1)(A), 47 C.F.R. § 54.201(d)(1), as well as N.D.A.C. § 69-09-05.12, CCNI will, throughout the expanded service area for which ETC designation is received, offer the services that are supported by federal universal service support mechanisms defined in 47 C.F.R. § 54.101(a). These services include: (1) TDM and VoIP voice telephony services providing voice grade access to the public switched network or its

functional equivalent; minutes of use for local service provided at no additional charge to CCNI end users; access to emergency services provided by local government or other public safety organizations, including 911 and enhanced 911; and toll limitation services to qualifying low-income consumers; (2) Eligible broadband Internet access services which will provide the capability to transmit data to and receive data by wire or radio from all Internet endpoints, including any capabilities that are incidental to and enable the operation of the communications service. As a current ETC, CCNI provides all these services today and will provide all these services to the expanded service area. Existing Voice and Broadband services offerings are listed on CCNI's website, <https://www.consolidatednd.com>.

IV. CCNI Will Use Its Own Facilities

Pursuant to 47 U.S.C. § 214(e)(1)(A) and 47 C.F.R. § 54.201(d)(1), CCNI will use its own facilities to provide service.

V. CCNI Will Provide Service Throughout the Designated Service Area

Pursuant to 47 U.S.C. § 214(e)(1), 47 C.F.R. § 54.201(d) and N.D.A.C. § 69-09-05-12(3)(a) CCNI will offer the services that are supported by federal universal service support mechanisms throughout the service area for which designation is requested, consistent with the FCC's Lifeline obligations.⁷ In addition, CCNI commits to provide service throughout its proposed designated service area to all customers making a reasonable request for service.

As required by 47 C.F.R. § 54.202(a)(1)(i), CCNI further certifies that it will provide service within a reasonable time period within its designated area, if the potential customer is within CCNI's ETC service area but outside its existing network coverage, and if service can be provided at a reasonable cost by: 1) extending, modifying, adjusting, or replacing network or customer facilities.

VI. CCNI Will Advertise the Availability of Supported Services.

Pursuant to 47 U.S.C. § 214(e)(1)(B), 47 C.F.R. § 54.201(d)(2) and N.D.A.C. § 69-09-05-12(6), CCNI will advertise the availability of its services that are supported by federal universal service support mechanisms and the terms of service and charges for such services using media of general distribution. CCNI may advertise by other means such as newspaper, bill inserts, contacts with social service agencies and its website.

VII. CCNI Will Provide Lifeline Service to Qualifying Customers.

Pursuant to 47 C.F.R. § 54.405, CCNI will make Lifeline service available to qualifying low-income consumers and publicize the availability of Lifeline service in a manner reasonably designed to reach those likely to qualify for the service. CCNI will make a concerted effort to notify municipal, state, tribal and federal governmental agencies whose clientele may likely benefit the most from having CCNI designated as an ETC by the Commission. In addition, CCNI may advertise by other means such as newspaper, bill inserts, contacts with social service agencies, phone directory, newsletters and its website. CCNI will indicate on materials describing the service, using easily understood language,

that it is a Lifeline service, that Lifeline is a government assistance program, the service is non-transferable, only eligible consumers may enroll in the program, and the program is limited to one discount per household. In the event a subscriber no longer qualifies for the program, CCNI will de-enroll the subscriber from the program appropriately as defined within 47 C.F.R. § 54.405(e).

VIII. Service Area for Which Designation Is Requested

CCNI requests an expansion of its ETC designation in North Dakota for Lifeline service in the census blocks listed in Exhibit A. A map of the expanded areas is also provided in Exhibit B for a visual depiction. As noted in Exhibit B, CCNI is also requesting an ETC designation for an exchange where CCNI is building a fiber-to-the-home expansion of its network with funding from the U.S. Rural Utilities Service Reconnect 3 grant program.

IX. Emergency Situations

Pursuant to 47 C.F.R. § 54.202(a)(2) and N.D.A.C. § 69-09-05-12(3)(c), a carrier seeking ETC designation must demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.

CCNI has a reasonable amount of back-up power to ensure functionality of voice services without a commercial power source. CCNI 's specific back-up power

sources are on site battery systems, fixed AC/DC generators and portable generators. Each existing node or central office will contain a reserve battery supply of at least 8 hours and standby generators as needed. CCNI has a fiber optic protected ring as its backbone to each exchange area served and can reroute traffic around damaged facilities. It also has extensive capacity capable of managing traffic spikes resulting from emergency situations. If there is a failure of CCNI's main route, voice traffic is automatically rerouted to a redundant back-up route.

X. Consumer Protection and Service Quality Standards

Pursuant to 47 C.F.R. § 54.202(a)(3) and N.D.A.C. § 69-09-05-12(3)(d), a carrier seeking ETC designation must demonstrate that it will satisfy applicable consumer protection and service quality standards.¹⁰ CCNI has been providing service since 1997 and has been an ETC in limited areas since 2015. CCNI commits to complying with all applicable NDPSC and FCC rules concerning consumer protection and service quality throughout the requested designated service area.

XI. CCNI is Financially and Technically Capable of Providing

Lifeline Service

47 C.F.R. 54.202(a)(4) requires a common carrier seeking ETC designation for Lifeline support to demonstrate it is financially and technically capable of providing Lifeline service in compliance with the Commission's rules. CCNI possesses the financial and technical capabilities to pay for all expenses (*e.g.*, construction, network, hardware, operations, etc.) to get its fiber

optic network built and to begin the provision of voice and broadband services throughout its expanded ETC designation area. When and as needed, CCNI will be able to obtain the requisite amount of capital or lending under its existing lines of credit.

XII. Lifeline Service Plans to Eligible Consumers

47 C.F.R. §§ 54.202(a)(5) and (6) of the FCC's rules require a common carrier seeking ETC designation for Lifeline support to submit information describing the terms and conditions of the voice and broadband plans offered. CCNI will provide Lifeline local voice grade access. The service will include unlimited local minutes of use at no additional charge to consumers. Long distance services, both domestic and international, will be an additional charge. Access to 911 and enhanced 911, to the extent local governments have implemented it, will also be offered. CCNI will provide toll limitation services. One Lifeline service (voice or broadband) will be available to a qualifying household. CCNI will follow all Lifeline program rules and guidelines including requiring all customers maintain their Lifeline eligibility through the Lifeline National Verifier as defined in 47 §§ C.F.R. 54.404, 54.406 and 54.409. CCNI will provide Lifeline broadband Internet access service with the capability to transmit data to and receive data by wire from all or substantially all Internet endpoints, including any capabilities that are incidental to and enable the operation of the service.

CCNI will offer the following Lifeline supported voice and Internet service plans:

Voice:	Broadband Internet:
Local Dial Tone Service	100M/100M
\$28.00	\$39.99

XIII. The Public Interest is Served by Granting the Application

Designation of CCNI as a Lifeline ETC in the expanded area is in the public interest. CCNI has been deploying state-of-the-art services to its customers since 1997. CCNI currently provides service in the census blocks listed in Exhibit A. These customers can use CCNI's voice and broadband services today for their personal, professional and educational needs. The designation of CCNI as an ETC will allow it to offer Lifeline-eligible customers a greater choice of providers for accessing telecommunications services not available to such customers today and should likely expand participation of qualifying customers in the Lifeline program, which now includes both voice and broadband.

XIV. CCNI Will Comply with Applicable Service and Performance Quality Requirements

CCNI certifies that it will comply with the service requirements applicable to the support that it receives, including the requirements for Lifeline support.

XV. CCNI Will Comply with Annual Reporting Requirements

CCNI will comply with all annual reporting requirements for designated Lifeline ETCs as applicable. CCNI operational personnel have a good understanding of all ETC filings and procedures and have been complying with them for over 20 years. CCNI hereby certifies under FCC and NDPSC rules

that it will only use any federal universal service support for the purposes intended.

XVI. Conclusion

By the facts and law provided herein, CCNI satisfies all the statutory and regulatory requirements for designation as an ETC in the requested designated service area. As explained herein, the public interest would be served by granting this petition. Therefore, CCNI respectfully requests NDPSC designation as an ETC for all the purposes listed above in the census blocks listed in Exhibit A and Exhibit B.

Respectfully submitted,

Jackie McCarthy
