Re: North Dakota Intrastate Access Group
North Dakota Tariff No. 1

Dear Mr. Kahl:

JSI files the attached tariff material on behalf of North Dakota Intrastate Access Coalition North Dakota Tariff No. 1 issuing carriers (“issuing carriers”) listed at Appendix A. Proposed revisions are made in compliance with current Federal Communications Commission (“FCC”) rules governing intercarrier compensation. The proposed revisions bear an effective date of July 1, 2024.

National Exchange Carrier Association (“NECA”) interstate switched access rates are expected to increase effective July 1, 2024, thereby increasing certain capped rates which the issuing carriers must match for terminating access by July 1, 2024,¹. Rates are based on the 2.4921% interstate switched access rate increase as announced by NECA on April 8, 2024 (see Exhibit 1). If NECA rates approved by the FCC differ from those proposed in this filing, rates will be adjusted to match the approved NECA rates. Issuing carriers’ interstate terminating switched access rates are contained in NECA Tariff F.C.C. No. 5 which may be found at https://www.neca.org/Tariff_5.aspx.

¹ See *In the Matter of Connect America Fund, et al.*, WC Docket No. 10-90 *et al.*, Order DA 13-564 (rel. March 27, 2013).

Any questions regarding the filing may be directed to the undersigned at ryan.denzel@jsitel.com.

Sincerely,

/s/ Ryan Denzel

Switched access rate changes and CAF ICC Data Collection reminder

April 8, 2024

To: General and pool contacts at TS and SW pool members

Switched access rate changes

Federal Communications Commission rules require us to adjust capped interstate switched access rates, other than terminating end office rates and originating toll-free rates specified in the 8YY Access Charge Reform Order, to reflect pool election changes. Pool election changes for the upcoming tariff year resulted in a 2.4921% increase from current rate levels following the methodology specified in 47 CFR §51.909(a)(6).¹ We will adjust switched access rates by the factor for the upcoming tariff year. This increase was reflected in the data shown in the CAF ICC website when it opened on March 14 for data entry.

We will apply the rate increase related to pool election changes to originating non-toll-free end office rates and all non-toll-free transport rate elements. Rates are rounded up to the last significant decimal place for a five or greater and rounded down otherwise.

In the [CAF ICC website](#) (login required), we will modify the following for test period 2024-2025:

- Interstate switched access rate levels.
- Intrastate switched access rate levels for those companies with intrastate rates at parity with interstate rates.
- Interstate terminating end office access service rates remain as bill and keep.
- Switched access revenues.

Proposed interstate and intrastate monthly and nonrecurring switched access rates can be viewed in the CAF ICC Data Collection website in the Study Area Intrastate Data section by selecting the Intrastate Revenues (FCC TRP) Output link. Your company's existing local switching and local transport rate band assignments will remain unchanged in the upcoming filing. **Adjusted intrastate rates will be available on April 15 and need to be filed with state regulatory commissions.**²

CAF ICC Data Collection reminder

The CAF ICC Data Collection will remain open for data submission until **midnight ET on Monday, April 15**. For access, go to our [website](#) (login required) and select Member Services>Data Collections and Tools>CAF ICC Data Collection.
