Dear Mr. Eckroth:

The Reclamation Division is preparing to recommend Commission approval of Revision No. 13 and Renewal No. 2 to Permit NACC-1302 at the October 9, 2024 Commission meeting. Consequently, the Coyote Creek Mining Company must update the ownership and control (business entity) and violation information listed in the Consolidated Legal Information Report, dated May 10, 2024, as required by NDAC 69-05.2-06-01(2)(d) and NDAC 69-05.2-06-02(6)(d), or certify, under oath and in writing, that the current information is still accurate, complete, and up to date. Any updated information submitted for the permit revision application will be subject to an evaluation by OSM's Applicant Violator System prior to approval of the application. This information must be filed with our office no later than **5:00 pm Tuesday, October 1st**.

Also, please provide the Reclamation Division with a clean copy of Revision No. 13 and five flash drives of the revision application for distribution to OSMRE, BLM, and Braaten Law Firm.

Please contact this office if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jonathan Emmer".
