RE: Revision 44 to Permit NAFK-8405 – Additional Updates

Dear Monty Johnson:

The North Dakota Department of Environmental Quality, Division of Water Quality reviewed the additional updates to Falkirk Mining Company's application for revision number 44 to Surface Coal Mining Permit NAFK-8405. We have no objection to the updates that include the addition of Section 3.6.86 (Design of Sedimentation Pond P-E05-01) and design updates to Section 3.6.84 (Design of Sedimentation Pond P-E04-02).

At this time, the Division of Water Quality has no further comments regarding this revision.

Sincerely,

Dallas Grossman
Environmental Engineer
Division of Water Quality
