Re: Request for Authority to Provide Service and Change in Exchange Boundary

Consolidated Telcom is hereby requesting Authority to Provide Service and for a change in Exchange Boundaries as set forth in the attached maps. Chase Wisness has requested service for a new home at 47.430016, 103.656188 in RTC Networks exchange. This location is over 2 miles away from the nearest RTC Networks fiber and only a ¼ mile away from Consolidated's nearest fiber. RTC Networks has agreed to release this area to Consolidated to provide service to Mr. Wisness. Attached is a letter from RTC Networks agreeing to the boundary change to make this possible.

Consolidated is ready to proceed with constructing facilities and providing service to Chase Wisness. Please advise when the PSC authorizes the changes requested. If you require additional documentation or information please contact the undersigned. Thank you for your assistance in this regard.

Sincerely,

Bryan W. Personne

**Subject:** Chase Wisness Location

Bryan,

Thank you for taking time to meet with me last week.

In our conversation I mentioned we have been contacted by Chase Wisness who has requested service from RTC Networks at 47.430016, -103.656188 in our Homesteader's Gap exchange where he is planning on building a house.

RTC Networks needs to build over 2 miles of infrastructure to this location to provide service. We understand Consolidated is less than a quarter of a mile from this location.

The RTC Networks Board of Directors has approved releasing this location from our service area to Consolidated if Consolidated would be willing to serve this location. I understood from our discussion that you would provide service to this location.

Thank you for working with us on this matter and please let me know if you have any questions or need anything else from me.

Have a great day!

Bryan,

RTC Networks has reviewed and agrees with the boundary changes you propose.

Thank you for taking care of this.

Have a great day!
