Badger Wind, LLC  
Badger Wind Project – Logan and McIntosh counties

PU-24-87

CERTIFICATE OF OPERATION  
PURSUANT TO NORTH DAKOTA ADMINISTRATIVE CODE § 69-09-09-03

Pursuant to North Dakota Administrative Code § 69-09-09-03, the undersigned, Brendan O'Neill, an authorized representative of the Badger Wind Project, a jointly owned project between Badger Wind, LLC and Montana Dakota Utilities Co., hereby states as follows:

1. I have personal knowledge of the facts stated herein and am authorized to provide this Certificate on behalf of Badger Wind.
2. Pursuant to North Dakota Administrative Code § 69-09-09-03(1), the following information is provided for the Badger Wind Project ("Project") for the 2025 calendar year:
  - a. Nameplate generating capacity: 259.44 MW
  - b. Annual capacity factor<sup>1</sup>: Not applicable
  - c. Annual megawatt hour output: Not applicable
  - d. Monthly megawatt hour output: Not applicable

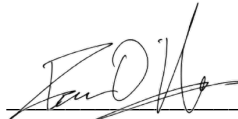

Were there any turbines (one or more) that did not generate any energy for the entire period of this certification? **Yes**

If yes, please explain the reason for the non-generating wind turbines during the 2025 calendar year. **The Project's turbines were not generating power in 2025 as the Project was under construction for the entirety of the 2025 calendar year. The Project achieved COD on January 21, 2026. As a result, only test power was generated in Q4 2025 as part of the commissioning process. A certificate of operation including the information required by North Dakota Administrative Code § 69-09-09-01(2) for the 2026 calendar year will be submitted by April 1, 2027.**

---

<sup>1</sup> "Capacity factor" means the ratio of the actual output generated by a facility for a period of time, to the output that could be produced at the nameplate generating capacity of that facility.

Dated this 24th day of March 2026.

A handwritten signature in black ink, appearing to read "B. O'Neill", written over a horizontal line.
