Dear Mr. Frye:

The Reclamation Division has reviewed Falkirk’s October 24, 2024 response to our initial review of Final Bond Release No. 6 to Surface Coal Mining Permit NAFK-9601. The Falkirk Mining Company may publish the newspaper notice and mail the letters to interested parties. However, prior to publication, please correct two typographical errors in Attachment II (Metes and Bounds Description) for Subtract 6A. Please correct the “south14corner” to “south ¼ corner” and “center14corner” to “center ¼ corner”. Once the letters have been mailed and publication of the public notice has begun, the Reclamation Division will coordinate a field inspection of the bond release tract with your office as required by NDCC 38-14.1-17(3).

If you have any questions, please contact this office.

Sincerely,

Jonathan Emmer
Director
Reclamation Division
