**Meeting Minutes:**

The meeting started at 9:03 a.m., with participants attending remotely. After introductions, Mr. Hanson reviewed the NDSPC Certification Relating to Order Provisions for Case PU-24-361. There were no questions regarding the information presented. Brink confirmed construction activities would begin at a laydown yard near Ryder, ND on Wednesday May 14<sup>th</sup>, 2025, and would confirm location and timing with SEH, Inc. (PSC 3<sup>rd</sup> party inspector) through email. SEH, Inc. requested shapefiles of the current centerline, right-of-way limits, and structure locations, to which Basin compile and send. SHE, Inc. stated they would give Basin Electric and Brink Constructors a week's notice when conducting field visits to coordinate current activities, and meeting time and place. Basin Electric stated they would make sure a schedule is provided to SHE, Inc, as well as the monthly construction reports. The meeting concluded at approximately 9:35 a.m.

**Notice to Intent to Start Construction:** This document also serves as Bain Electric's Notice of Intent to Start Construction for the Leland Olds Station to Tande 345-kV Transmission Line Project on May 26, 2025.
