NOTICE OF OPPORTUNITY FOR HEARING

On November 1, 2024, Montana-Dakota Utilities Co. (MDU) filed a change to its Generation Resource Recovery (GRRR) rates to reflect 2025 amortization of Lewis & Clark Unit I and Heskett Units I and II regulatory assets. This incorporates the reduction of annual amortization resulting from the MDU 2023 Earnings Sharing Refund Plan in Case PU-24-177.

The effect of the rate change on the bill for a residential customer using 800 kWh is an increase of \$0.08 per month compared to the existing GRRR rate.

The issues to consider in this proceeding are:

1. Whether the investment and associated costs for the resources qualify for recovery,
2. Whether the incurred costs are reasonable and prudent, and
3. Whether the rate adjustments are consistent with the terms of MDU's tariff?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearing must be received by January 4, 2025.** If deemed appropriate, the Commission can determine the matter without a formal hearing.
