PUBLIC SERVICE COMMISSION**

**Northern States Power Company  
2025 Electric Rate Increase  
Application**

**Case No. PU-24-376**

**NOTICE OF PUBLIC INPUT SESSIONS**

On December 2, 2024, Northern States Power Company (NSP, doing business as Xcel Energy), filed a Notice for Change in Rates for Electric Service under North Dakota Century Code Section 49-05-05. NSP proposes a \$44.556 million or 19.34% increase in its annual North Dakota electric revenues. The proposed rates would affect NSP's service to all of its retail electric customers in North Dakota. Interim rates subject to refund were approved on January 8, 2025.

The issues to be considered in this proceeding are:

1. What is the value of NSP's property, used and useful, for the service and convenience of the public in North Dakota?
2. What is NSP's rate of return on its property, used and useful, for the service and convenience of the public in North Dakota?
3. What is a just and reasonable rate of return on NSP's property, used and useful, for the service and convenience of the public in North Dakota?
4. What rates and charges are necessary to provide a just and reasonable rate of return on NSP's property, used and useful, for the service and convenience of the public in North Dakota?
5. Are NSP's rate schedules designed in such a manner that they result in a basis of charge to its customers that is just and reasonable without undue discrimination?
