Dear Mr. Kahl:

Pursuant to North Dakota Century Code (NDCC) §§ 49-22-07 and 49-22-08.2, Minnesota Power, an operating division of ALLETE, Inc., and Great River Energy (together, Applicants) submit to the North Dakota Public Service Commission (Commission) an original and six (6) copies of a consolidated application (Consolidated Application) for a Certificate of Corridor Compatibility and Transmission Facility Route Permit for a High-voltage Direct-Current (HVDC) Modernization Project (Project) for each of the above-referenced dockets (in total, 14 copies are enclosed).

The Applicants are also submitting with this Consolidated Application an original and six (6) copies of a request for waiver of procedures and time schedules pursuant to NDCC § 49-22-07.2 (Waiver Request) in each docket (in total, 14 copies are enclosed). As discussed in the Waiver Request, the Project is of such length, design, location, and purpose that it will produce minimal adverse effects and, therefore, the Applicants request that the PSC issue a notice of opportunity for hearing and only conduct a public hearing in the event that a request is properly made and granted by the Commission.
