PROTEST AND REQUEST FOR HEARING

Mor-Gran Sou Electric Cooperative, Inc., through counsel, hereby protests the application of Montana-Dakota Utilities Co. for Permanent Authority to extend electric service to the Glen Ullin Town Border Station MDU at a site located in the NW1/4 of the NW1/4 of Section 20, Township 139N, Range 88W, in Morton County, North Dakota, which application was filed on January 15, 2025. Mor-Gran-Sou Electric Cooperative, Inc., is interested in this proceeding because the service location is within its service territory. Mor-Gran-Sou Electric Cooperative, Inc., further requests the Public Service Commission to hold a hearing and authorize discovery in this matter pending a hearing. Mor-Gran-Sou Electric's reasons for requesting a hearing are outlined in the attached affidavit.

Dated this 12th day of February, 2025.

8. Servicing the location with a direct underground feed from Mor-Gran-Sou Electric's nearby substation and existing transformers will likely provide greater reliability than servicing the location with MDU's 1.8 mile overhead feeder line out of the distribution substation in the City of Glen Ullin since the overhead feeder line may be exposed to wind, lightning, and ice storms.
9. Mor-Gran-Sou Electric is ready and able to service the location with a good amount of infrastructure that was in place preceding MDU's application

I swear, under penalty of perjury and the law of North Dakota, that the foregoing is true and correct to the best of my knowledge and belief.

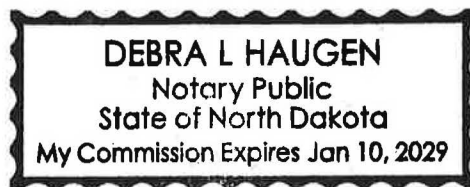

Date: February 12, 2025.
