Otter Tail Power Company
2025 Renewable Resource Cost Recovery Adj. Factor
Rates

Case No. PU-24-390

NOTICE OF OPPORTUNITY FOR HEARING

On December 31, 2024, Otter Tail Power Company (OTP) filed a request for approval of its 2025 Renewable Resource Cost Recovery Rider Adjustment Factor (RRCR). The RRCR recovers projected costs from April 1, 2025, through March 31, 2026, of the repowers to Langdon, Luverne, Ashtabula I and III wind projects and includes the Merricourt Wind Energy Center (Merricourt) production tax credits. OTP proposes to decrease the rate of the RRCR from 2.449 percent to 0.081 percent on April 1, 2025. A residential customer using 1,000 kWh would see a monthly bill decrease of \$1.62 beginning on April 1, 2025.

The issues to be considered in this proceeding are:

1. Whether the investments and associated costs for the resources qualify for recovery,
2. Whether the incurred costs are reasonable and prudent, and
3. Whether the rate adjustments are consistent with the terms of OTP's tariff.

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. **Comments and requests for hearings must be received by March 3, 2025.** If deemed appropriate, the Commission can determine the matter without a formal hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission.
