Subject: Rev. 38 to NAFK-9503

Jason,

We have finished our review of the revision, and are moving forward to approve. The approval date will be June 4th 2025. This is mainly due to the last meeting in May being canceled and waiting the required 30 days after notice (may 19) to approve. We will need two clean copies of the Revision sometime prior to June.

There is one small item to correct and that the hyperlink for Section 1.5.3 to the surface and coal ownership map is not working.

Thanks, and if you have any questions please let me know.

Preston Ripplinger
