Jennifer,

I am confirming we are using the attached one-call complaint submitted by ONEOK today. This was the second one which was sent. [Correct, apologies for that confusion](#)

Additionally, I reviewed the complaint form and noted that it mentioned a line strike and I have a few follow up/clarifying questions:

1. The location intersection listed, 1st St. SW & 93rd Ave NW, is outside of the excavation location for both locate ticket numbers. Is this location accurate?
2. Was the line struck by the excavator? If so, Could you please provide some additional details about the strike such as:
  - a. Did this cause an outage? [No](#)
  - b. Did this affect any customers, if so, how many? [No](#)
  - c. What was the estimated value of the damage caused, did the excavator pay for the damage? [Unknown](#)
  - d. Was the excavator installing power poles or an underground power line? [Installing anchors for power poles](#)
  - e. Location of the damage [47.3866714,-102.514967](#)
  - f. How was the line damaged? Powered auger, boring, etc? [auger](#)
  - g. How did ONEOK find out about the damage? [Pipeline operator patrolling row](#)
  - h. Any additional details you wish to provide. [Photos attached](#)

Thank you,
