**Re: Bowman Wind Project - Bowman County
Decommissioning Plan and Cost
Case No. PU-25-147**

Dear Mr. Kahl:

Enclosed for filing on behalf of Bowman Wind, LLC (“Bowman Wind”) in the above-referenced docket are an original and seven copies of this letter and a proposed Decommissioning Surety Bond Rider (“Rider”) for the Bowman Wind Project (“Project”). Bowman Wind submits the Rider for review and approval by the North Dakota Public Service Commission (“Commission”) in accordance with NDAC § 69-09-09-08(2).

On March 24, 2025, Bowman Wind filed a Decommissioning Surety Bond, dated March 17, 2025, as Bowman Wind’s construction phase decommissioning financial security. The Decommissioning Surety Bond was approved by the Commission on May 8, 2025. The proposed Rider would modify two aspects of the existing Decommissioning Surety Bond: (1) the amount would be modified to align with the Decommissioning Plan cost estimate filed on December 2, 2025; and (2) the term would be modified to align with the operational phase of the Project. Bowman Wind requests that the Commission approve the Decommissioning Surety Bond, as modified by the Rider, as Bowman Wind’s operational phase decommissioning financial security. The Rider was shared with and reviewed by Commission Staff in advance of filing.
