Dear Mr. Zvyagelskiy:

The applications for Revision 12 and Renewal 4 to Surface Coal Mining Permit GRGR-0501 have been deemed complete. However, approval to begin publication of the permit revision and renewal newspaper notice is contingent upon addressing a minor revision to the Notice of Application. Please address the item below and submit the updated Notice of Application to the Reclamation Division prior to publication. Please provide the Reclamation Division with the dates of publication for the notice and submit affidavits of the newspaper notice as required by N.D.C.C. 38-14.1-18(1).

### Notice of Application

1. Follow-up to Item No. 10 of the Reclamation Division’s May 14, 2025 completeness review letter: In the second to last sentence of the third paragraph of the Notice of Application, please remove the statement “within 30 days after the last publication of this notice”. (JWE/AAC)
2. Follow-up to Item No. 10 of the Reclamation Division’s May 14, 2025 completeness review letter: Further clarification is needed regarding where the permit is available for review. Please revise the last sentence of the third paragraph of the Notice of Application from “for review in Williams County” to “for review at the office of the County Auditor, Williams County Administration Building, Suite 118, 206 E Broadway, Williston, ND 58801.” (BSM, PJR)

Please contact this office if you have any questions.

Sincerely,

Jonathan Emmer  
Director  
Reclamation Division
