

Case Number: PU-25-172

Case Description: 6-Inch NGL Pipeline Project - Williams Cty

Analyst Initials: CCH  
*CCW*

Original Dollar Value of Investment in ND	-
Application Investment Amount in ND	13,000,000.00
<b>Total Investment</b>	<b><u>13,000,000.00</u></b>

Note: Email from company or docketed case files must be attached as support for Total Investment Amount

		PSC Accounting use only:	
Siting Application Fee	65,000.00	7800 - 301 - 420260	JE: <u>2532317</u>
Siting Admin Fee*	2,600.00	1400 - 510 - 464160	JE: <u>2532317</u>
<b>Total Fees Due</b>	<b><u>67,600.00</u></b>		

**Siting Admin Fee:**

- \* For new or transfer siting applications only. Not amendments.
- \*Per NDCC 49.22.1-21 & 49-22-22, \$200 for each \$1 million of original investment, not to exceed \$50,000

**Siting Application Fee:**

- Per NDCC 49.22.1-21 & 49-22-22, For a certificate of site compatibility, \$500 for each \$1 M of investment in the facility. Not less than \$10k or more than \$100k.
- Per NDCC 49.22.1-21 & 49-22-22, For a certificate of corridor compatibility, \$5,000 for each \$1 M of investment in the facility. Not less than \$10k or more than \$100k.
- Per NDCC 49.22.1-21 & 49-22-22, For an amendment, amount to be determined by commission to cover expenses, discuss with PUD Director.
- Excess Application Fee is refundable.

This form will be docketed in the case file after funds have been deposited by PSC Accounting. 

## 2.12 ESTIMATED TOTAL COST OF CONSTRUCTION

ONEOK will invest approximately \$13 million in North Dakota to develop this Project. Once constructed and in-service, the continued costs of maintenance and operation of the proposed pipeline are relatively minimal.

## 2.13 DESCRIPTION OF ROW PREPARATION, CONSTRUCTION AND RECLAMATION PROCEDURES

Pipeline construction occurs in a linear fashion and, at any one time during the Project, any of the following activities may occur. The typical sequence of construction activities for the Project is as follows:

- Staking the workspace boundaries and utilities;
- Clearing of construction area;
- Installing temporary erosion and sediment controls;
- Grading and stump removal, if necessary;
- Segregation of topsoil, where necessary;
- Pipe delivery, bending, and welding;
- Trenching;
- Pipe installation;
- Backfilling excavations;
- Cleanup and final grading;
- Soil compaction treatment, where necessary;
- Stone removal, where necessary;
- Final restoration; and
- Upon final stabilization, removal of temporary erosion and sediment controls.

Rough and final grading includes restoring disturbed areas as near as practicable to pre-construction conditions, returning the topsoil where topsoil has been stripped, preparing a seedbed (where applicable) for permanent seeding, installing, or repairing temporary erosion and sediment control measures, repairing/replacing fences, and installing permanent erosion and sediment controls. Pre-existing landowner soil conservation improvements and structures disturbed by pipeline construction will be restored to the approximate pre-construction line and grade.

ONEOK has developed a Revegetation Plan for the Project to provide procedures to be followed during the revegetation of areas disturbed as a result of construction (see Section 9 for more information). In areas of cultivated cropland, the land will be returned to its original land use as soon as practicable following construction. ONEOK will perform baseline soils and topsoil depth surveys to support construction design and restoration and revegetation efforts. ONEOK plans to complete these surveys prior to construction in August 2025, pending favorable weather conditions. Additionally, ONEOK will comply with applicable permit conditions and landowner agreements.

In re: ONEOK Bakken Pipeline, L.L.C.  
Tioga Extension Pipeline Project  
Siting Application  
Williams County  
Our File No. 072591-000011

Dear Mr. Kahl:

Enclosed for filing please find the following:

- 1) ONEOK Bakken Pipeline, L.L.C.'s Consolidated Application for Certificate of Corridor Compatibility and Route Permit in Williams County, North Dakota (8 copies);
- 2) ONEOK Bakken Pipeline, L.L.C.'s check in the amount of \$67,600.00 (N.D.C.C. § 49-22.1-21(1)(b) application fee of \$65,000.00 and N.D.C.C. § 49-22.1-21(4) administrative fee of \$2,600.00);
- 3) Affidavit of Service by Mail; and
- 4) Notice of Appearance.

We are also enclosing a USB drive containing the project Shapefiles and an electronic version of the application for your convenience.

Please feel free to contact me if you have any questions. Thank you.

Sincerely,

Casey A. Furey
