**NOTICE OF RECEIPT OF REVISION APPLICATION**

**July 31, 2025**

The Falkirk Mining Company has filed an application for Revision 42 to Surface Coal Mining Permit NAFK-8705 for the Falkirk Mine. Revision 42 changes the timing of mining and revises the post-mining topography for a large portion of the unmined areas within the permit. The revision updates the introductory, legal, financial, compliance and surface and coal ownership information and monitoring plan, probable hydrological consequences, surface water management, ground water management plan, operation plans, extending mining plan, existing structures, blasting map, transportation facilities, reclamation plans and schedules, post-mining topography, post-mining land use and revegetation, and wetland sections. The stand-alone Consolidated Bond Estimate and Underwood Ground Water Hydrology sections have also been updated with this revision.

The revision application and surface coal mining and reclamation permit may be inspected at:
