NOTICE OF FILING A REVISION TO AN EXISTING SURFACE COAL MINING PERMIT

The Falkirk Mining Company, P.O. Box 1087, Underwood, ND 58576, has filed an application (Revision No. 42) to Permit NAFK-8705 to change the timing of mining and to revise the post-mining topography for a large portion of the unmined areas within the permit. The revised post-mining topography will bring the permit area into a mass balance and take into account the most current mine plans reflective of mining conditions and needs at this time. As a result of this permit revision, Falkirk updated the introductory, legal, financial, compliance and surface and coal ownership information, fish and wildlife resources, geology, surface water information and monitoring plan, probable hydrologic consequences, surface water management, ground water management plan, operations plans, extended mining plan, existing structures, blasting map, transportation facilities, reclamation plans and schedules, post-mining topography, post-mining land use and revegetation and wetlands sections. The stand-alone Consolidating Bonding and Underwood Ground Water Hydrology sections have also been updated with the revision.

The map shows the location of the City of Underwood, North Dakota, the outline of the permit area.

The owner of the surface and coal in the area affected by the permit revision are as follows:

Operations within 100 feet of the outside right-of-way of the following sections will be necessary during the planned mining for the existing permit area that is part of Revision No. 42. Prior to the operations being conducted in these areas, Falkirk will obtain the approval of the Board of McLean County Commissioners and/or Longfellow Township, the road authority, subject to public notice and hearing.

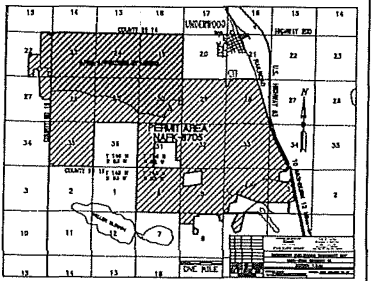

1. The east-west section line between Section 19 and Section 30, T146N, R82W.
2. The east-west section line between Section 24 and Section 25, T146N, R83W.
3. The east-west section line between Section 23 and Section 25, T146N, R83W.
4. The north-south section line between Section 19, T146N, R82W and Section 24, T146N, R83W.
5. The north-south section line between Section 23 and Section 24, T146N, R83W.
6. The north-south section line between Section 22 and Section 23, T146N, R83W.

As shown in the permit application, mining and related construction activities will be located across several section lines and roads. The existing permit area that is part of Revision No. 42, will require temporary closure of several section lines and roads to allow mining to proceed. Prior to the operations being conducted in these areas, Falkirk will obtain the approval of the Board of McLean County Commissioners and/or Longfellow Township to temporarily close the following section lines and roads during the term of mining and reclamation:

1. The east-west section line between Section 19 and Section 30, T146N, R82W.
2. The east-west section line between Section 24 and Section 25, T146N, R83W.
3. The east-west section line between Section 23 and Section 26, T146N, R83W.
4. The north-south section line between Section 19, T146N, R82W and Section 24, T146N, R83W.
5. The north-south section line between Section 23 and Section 24, T146N, R83W.

Copies of the application for this revision of a surface coal mining permit are available for public inspection at the offices of the North Dakota Public Service Commission, 600 East Boulevard Ave., Bismarck, ND 58505-0480 and at the office of the County Auditor, McLean County Courthouse, Washburn, ND 58577.

Written comments, objections, or requests for informal conferences on the application may be submitted by any person with an interest which is or may be adversely affected to the North Dakota Public Service Commission, 600 East Boulevard Ave., Bismarck, ND 58505-0480 within 30 days after the last publication of this notice. The written request should state the concerns or objections regarding the revision.

Notice of Filing a Revision to an Existing Surface Coal Mining Permit

The Falkirk Mining Company, P.O. Box 1087, Underwood, ND 58576, has filed an application (Revision No. 42) to Permit NAFK-8705 to change the timing of mining and to revise the post-mining topography for a large portion of the unmined areas within the permit. The revised post-mining topography will bring the permit area into a mass balance and take into account the most current mine plans reflective of mining conditions and needs at this time. As a result of this permit revision, Falkirk updated the introductory, legal, financial, compliance and surface and coal ownership information, fish and wildlife resources, geology, surface water information and monitoring plan, probable hydrologic consequences, surface water management, ground water management plan, operations plans, extended mining plan, existing structures, blasting map, transportation facilities, reclamation plans and schedules, post-mining topography, post-mining land use and revegetation and wetlands sections. The stand-alone Consolidating Bonding and Underwood Ground Water Hydrology sections have also been updated with the revision.
