Dear Mr. Sundsbak:

The Reclamation Division reviewed Westmoreland Beulah Mining LLC's (WBM) abatement and remediation plan, received on May 28, 2025, regarding the remediation actions for Notice of Violation (NOV) 2501, which was issued on May 20, 2025. The required remedial actions outlined in NOV-2501 have been completed, although the Reclamation Division still needs to review and approve WBM's May 28, 2025 remediation plan. Therefore, we have determined that the required remedial actions are adequate to terminate NOV-2501. The termination notice is enclosed.

Termination of a notice of violation does not affect the Commission's right to assess a civil penalty for NOV-2501. If you have any questions, please contact this office.

Sincerely,

A handwritten signature in blue ink that reads "Jonathan Emmer".
