RE: Revision 36 to Permit KRSB-8603

Jonathan Emmer,

The North Dakota Department of Environmental Quality, Division of Water Quality, reviewed Westmoreland Beulah Mining LLC's application for Revision No. 36 to Surface Coal Mining Permit No. KRSB-8603. We have no objections to the revision which revises legal and related information, fish and wildlife resources, surface water management, reclamation plans, and revegetation plans.

At this time, the Division of Water Quality has no further comments regarding this revision.

Sincerely,

Kylee Harrison
