No worries at all. Here is what I came up with. Paints a pretty good picture as to what happened. The ticket that we have for Sheldon Ranch is 25088344. I also have some photos that were taken on 7/24 (the day prior to the start date and time) that depict the fence work being done. If those would help.

Thanks!

Ryan,

Thanks for the quick response. If you have the screenshot handy I'd appreciate seeing it, but if you have to recreate it, please don't worry about it.

Thanks,

Good morning Konrad,

So when we discovered the work being done they were nearly completed with the span they were working on which ran N/S. I can send you a screenshot that I drew up for the work that was done if that would help. It also includes the scope of work that the landowner had called in for fence work.

As for if they are still on site and working I'm not entirely sure. I believe work was just to place/replace that single span.

Thanks!

Good Morning Ryan,

I was doing a quick review of this complaint and when comparing it to the 811 system I'm not seeing that H&H has submitted a one-call ticket for the fencing as of today. I wanted to see if you knew anything further or if they completed the work.

Thanks,

**Konrad Crockford**

Good afternoon,

Last week one of our KM employees discovered H&H Fencing on location constructing a barbed wire fence on a property near Ray ND without a One Call. Attached is the complaint form for the unauthorized work. Please let me know if you need any other info.

Thanks!
